Police Are Searching Hospitals For MISSING EDNA CLARK

CONFIDED HER TROUBLE IN WOMAN WHO TOLD THE FAMILY AND POLICE NEW CLUE

WHO IS THE MAN IN CASE

SEARCH FOR MISSING GIRL IS NARROWING DOWN

May Be Located at Any Minute by the Police Who Are Confident of Success Although Handicapped.

The police are confident that within a few hours at the latest they will find the missing Edna Clark in some one of the hospitals of this city. To add weight to this news is the fact that a woman has been found to whom Edna Clark talked before her disappearance and then divulged some facts concerning herself that have led the police search in the direction of her hospitals.

In this connection it is expected that a man whose identity is established will be brought into the case. Someone started a story this morning that Edna Clark had written to her mother in Alameda stating she was well and would soon make her return. This was denied by the girl's mother in Alameda to a TRIBUNE reporter.

MISS EDNA CLARK, THE MISSING GIRL, WHO MAY BE LOCATED VERY SOON IN THIS CITY. —Scharz Photo

ALAMEDA, Nov. 5.—Though it was reported this morning that Edna Clark had been found in Oakland that she was alive and well and that she had written to this effect to her mother, the mother of the girl declared later that she had received no letter. I only wish that I had I only wish I had some word to give you that she was alive and well. No matter what the message in I wish that there was one to give. I have no word at all. I am honest in saying so. I would be only too glad to tell you anything I know, if I knew anything. My information is gained mostly from newspapers and reports. God knows if I knew anything I could tell you a thing which would be news. I would be only too glad to tell it and end this suspense. I have gotten past the crying stage. You will have to excuse these chills, which come on me. They are the result of worry and I cannot help them.

MYSTERIOUS MESSAGE.

"I went to my relatives on Central avenue yesterday to try to get away from my worry for a short time. It was while I was away that the mysterious telephone message came for me to the house. I do not know a man named Johnson, the reputed telephone, but I am waiting today as he promised to telephone again between 12:30 and 1:30 o'clock. Why he could not have telephoned again yesterday is hard for me to understand. I cannot help it."

(Special to The Tribune)

SAN FRANCISCO, Nov. 5.—After sixty-nine days spent in examining about 1500 citizens the jury to try Abraham Rief on the charge of bribing Supervisor John I. Purvey in connection with the United railroad's trolley franchise was sworn for duty in Judge Lawlor's court at 11:45 this morning.

William Oakley, retired, of 200 Fair Oaks street was passed by both sides this morning and together with James McNamara, retired, of 1545 Union street who was temporarily passed yesterday, completed the twelve men. The prosecution had one peremptory challenge remaining to them which however was not used.

The preliminary questioning of Talisman Oakley took place last evening, but Attorney Henry Ach interrogated him for another hour this morning asking him all manner of questions in order to learn his state of mind. When Attorney Henry took him in hand he contented himself with putting only a few questions in cross-examination, and passed him without comment.

When the two men had been sworn, the satisfaction felt by the ten jurors some of whom have been locked up for five weeks was plainly visible in their expressions.

Judge Lawlor denied the application of the defense for the exercise of additional peremptory challenges. The indictment was then read and Assistant District Attorney Henry began the opening statement for the prosecution.

Roof Collapses and Two Are Injured

LOS ANGELES, Nov. 5.—The new roof being put over the Jeffries Athletic club fell down this morning, on account of insufficient supports carrying five men with it. Two carpenters suffered the dislocation of their limbs, bruises and other injuries and were taken to the Receiving Hospital. The other were unhurt.

KRAUTH IS INJURED

Alameda's Fire Chief and Two of His Men Injured in Blaze This Afternoon.

ALAMEDA, Nov. 5.—Fire Chief Krauth, Assistant Fire Chief Millington and Joseph Sweeney and Albert Kordt, members of the fire department, were severely injured this afternoon in the fire that burned the Alameda Yacht clubhouse. A portion of the blazing building collapsed, striking the four men.

Kordt was the most seriously injured and was taken to the emergency hospital.

The fire was caused by the explosion of a torch, which was left in the building by Arthur Chandler.

Cause of the Fire.

At 1:30 o'clock the flames burst through the roof and sides of the building and before the firemen arrived the structure was nearly destroyed. The yacht house stands on piling quite a distance from the shore and the three thousand feet of hose which the firemen laid did not reach the building. The flames have made such progress that none of the contents, including the personal property in the private lockers was saved. The loss will be about \$4000.

The building was erected last season and has been the scene of many social functions since it was opened. The origin of the fire is a mystery.

WAR CLOUD GATHERS

Rumor That Germany Has Recalled Prince Von Radolph, Its Ambassador in France.

PARIS, Nov. 5.—It was rumored here this afternoon that Prince Von Radolph, the German ambassador, had been recalled. The report could not be verified.

PARIS, Nov. 5.—While it is no believed in official circles that Germany will go to the extent of making the Casa Blanca incident (the protection by the German embassy at Casa Blanca of former German subjects who had enlisted and later deserted from the French army), the subject of an ultimatum, considerable disquietude exists here and the opinion continues to be held that Germany is seeking to inflict diplomatic humiliation upon France as a diversion from the situation which has arisen at the publication of Empe- ror Williams' famous interview.

FRANCE IS FIRM

This time, however, France is resolved to stand firm. The French ambassador in Berlin, has been instructed to notify Germany that France maintains the view that the whole question should be arbitrated and that in the meantime she declines to release the deserters, to

TAFT VOTE WILL BE 327

NEW YORK, Nov. 5.—With Missouri and Maryland still wavering between Taft and Bryan, as late returns were received and tabulated, this afternoon the situation seemed to be that Maryland was leaning toward Bryan and Missouri toward Taft, though the electoral vote of the former State may be divided between the two candidates. West Virginia has been settled as belonging in the Republican column. The trend of today's news makes it seem likely that Taft will have 319 electoral votes and Bryan 164.

NEW YORK, Nov. 5.—Although there is a likelihood that nothing short of the official canvass will give the regular Maryland and Missouri the Republican vote, the figures show that Taft would give Taft 327 votes in the electoral college and Bryan 164.

Maryland and Missouri held the center of political attention when the Republican and Democratic politicians, to say nothing of mere voters, began early today to look over the net results of the election. Leaders of both parties found themselves facing what looked increasingly like a vindication of the prophecy of Chairman Hitchcock of the Republican committee that Taft would have at least 325 electoral votes.

At the opening of the day's dispatches these things appeared to be fairly well settled.

Leaving Maryland and Missouri out of

(Continued on Page 2.)

ONLY OFFICIAL CANVASS WILL SHOW WHICH JUDGE RECEIVED THE LARGEST VOTE AT THE POLLS

Although the three Republican candidates for judge in Alameda county were elected by tremendous pluralities, it will be impossible to determine before the official canvass by the board of supervisors just who of the three received the largest vote. According to the returns, given out at the County Clerk's office yesterday, the vote was as follows: T. W. Harris, 22,803; William H. Waste, 22,269; and Everett J. Brown, 21,508.

There is little doubt that these figures will be changed by the official canvass, though the immense pluralities over the Democratic candidates will be in no wise affected. There is a difference between the order of the names of the Republican nominees for the superior bench as they appear on the voting machines and as they are printed on the poll lists that were returned to the County Clerk by the election officers.

On the voting machines the names and the corresponding numbers appear as follows:

A 13--Everett J. Brown.
A 14--T. W. Harris.
A 15--William H. Waste.
On the poll lists the names appear in this order:
A 13--T. W. Harris.
A 14--William H. Waste.
A 15--Everett J. Brown.

It thus appears that there was a transposition of the names of the three candidates. Undoubtedly each of the Republican nominees received over 22,000. It is plain that the difference in order of names caused mistakes in the entry of the votes.

Only in a few of the voting precincts were corrections made. The supervisors, however, will correct all the returns, after which the exact vote of each of the Republican judges, who was re-elected, will be known.

QUESTIONS RIGHT TO TESTIFY

CONTENTION OVER COUNTY CLERK COOK

His Admissibility as a Character Witness in a Big Damage Suit Against Mills Under Discussion.

Whether County Clerk John P. Cook will be permitted to testify as a character witness in the \$50,000 damage suit of Christian Peterson against the California Cotton Mills is the bone of contention this afternoon between Attorney Church for the plaintiff and Attorney George E. De Golla for the defendant.

Peter McDougall, foreman of the machine shop at the cotton mills, testified this morning that it was not the duty of Peterson to apply soap powder to the belts on the various machines, but the duty of the men who operated them. He denied that he directed Peterson to attend to a belt at the time of his injury. He admitted, on examination, that he had taken a dislike to young Peterson at one time and swore at him, but said he would not tell him anything which would possibly cause him any discomfort.

An attempt was made to impeach the testimony of the machine shop foreman, and in connection with this County Clerk Cook was called as a character witness. He was not allowed to testify this morning, and this afternoon, when the case was taken up again at 2 o'clock, Judge Wastie had the counsel for both sides present their authorities in support of the arguments for or against Cook giving testimony.

RANKIN THROWS BLAME ON LYNCH

Testifies That He Thought Ocean Shore Bonds Were Legitimate.

Special to The Tribune. SAN FRANCISCO, Nov. 5.—C. E. Rankin, accused by the Ocean Shore Railroad of grand larceny in connection with a loan of \$10,000 negotiated in their behalf, took the witness stand in Judge Wastie's court this afternoon and testified that he had no recollection of the \$10,000 loan and was not a party to it.

Rankin testified that he had the utmost confidence in Mr. Lynch's integrity through the fact that he was introduced by a mutual friend, who recommended him strongly to him. He stated further that Lynch had telegraphed him for funds after the fact had been ascertained by the bank. Arguments in the case will be heard this afternoon and the issue will be submitted to the jury either today or tomorrow.

STUDENT'S MIND FAILS

SO BAIL IS REDUCED

Edward Marvin, the young Berkeley student accused of forgery, was admitted to \$500 cash bail this morning by Judge O'Brien. Attorney Clinton G. Dodge told the court that the boy's mind was not in the case and that he was given his liberty immediately. The bail was originally \$1000 cash, and Judge O'Brien readily consented to its reduction.

Miss Isabelle Fletcher of Ye Liberty Theater Seized With Congestion of the Lungs.

Miss Isabelle Fletcher, leading woman at Ye Liberty Theater, is seriously ill at her apartments in the Athens Hotel from congestion of the lungs. Miss Fletcher has been subject to these attacks, and this one, of more than usual severity, has forced her to her bed. It is announced that Miss Fletcher will, if she is able, go to Byron Hot Springs for a week before returning to her work in the theater.

SOCIAL OF GRACE METHODIST CHURCH

The Young People's Society of Grace M. E. Church will give an informal social tonight in the parlors of the church, Thirty-fourth and Market streets. The children of the Sunday school have arranged an interesting musical program. Mrs. Fred F. Darry and Mrs. I. M. Allen will read. Mrs. Clara Maddocks and Miss Pearl Jenkins assisted in arranging the social, which is looked forward to with much pleasure by the younger set of the church.

About 125 members of the church have been extended an invitation to attend.

File Report Telling Of \$60,000 Shortage

SAN FRANCISCO, Nov. 5.—A long and detailed report was submitted to District Attorney Long today by Herkimer & Herkimer, expert accountants, which explains to the City Attorney the methods by which they arrived at the \$60,000 shortage in the City Treasurer's accounts. None of the employees of the Treasurer's office are mentioned or in any way incriminated by the report, which deals with the books of the office exclusively and the falsifications therein.

Strip Residence Of All Fixtures

SAN FRANCISCO, Nov. 5.—Burglars looted a vacant house on Grove street last night and literally stripped it of everything of value that could be torn out, even to the plumbing and gas fixtures. The sink in the kitchen was torn out and almost every foot of lead and iron pipe in the gas and sewer connections carried away. The police have arrested Frank Anderson and P. Wittell on suspicion and are holding them in the city prison pending further investigation.

ADVERTISING MAN GETS WOUND WITHOUT LABEL

G. C. Gibson, who says he is an advertising man with no particular home, was treated at the Receiving Hospital last night for a scalp wound he said he received at the hands of some unknown person, but could not recall when or where it happened. He admitted to Dr. Sloan, who dressed the cut, that he had been drinking during the early evening.

ASSAULTED BY TWO THUGS

SUSPECTS ARE NOW HELD AT CITY JAIL

T. A. Hussey Felled by Robbers' Blows While on Way Home at Early Hour—Narrow Escape From Death.

Two men, thought by the police to be professional footpads, are under arrest at the city prison on suspicion of having held up and robbed T. A. Hussey of \$18 Pine street at 1:30 o'clock this morning. Hussey was robbed of \$5 in gold, the case having been reported to the police by Barney Madden, a neighbor of the thugs' victim.

According to the complaint made, Hussey was on his way home at the time of the assault. He was walking on Pine street, between Eighth and Chase streets, when two men, stepping from behind the trees lining the sidewalk, ordered him to throw up his hands. Hussey was so taken by surprise that he did not act quickly enough to satisfy the thugs and one of them struck him a vicious blow on the head with a club.

Hussey, stunned by the blow, fell forward in the street, the men proceeding to rob him. He was rescued by the 35, all the money he had in his possession. His assailants then took to their heels, running westward. Hussey, dazed from the treatment accorded him, staggered to his home, where he gave the alarm. Madden went directly to police headquarters. Within an hour the two men were taken into custody in West Oakland, attention having been attracted to them because of their suspicious actions. The names of the two men are withheld by the police until it is determined whether the right parties are in custody.

TAFT'S MAJORITY

(Continued From Page 1)

the count, Taft was assured of 301 electoral votes, Bryan of 159. Missouri, with her block of 18 votes, was hanging in the balance, the latest reports showing upon incomplete returns Taft leading by 472. The common opinion was that the canvass would have to be waited to settle the question whether Missouri's 18 votes would be for Taft or Bryan.

MARYLAND CLAIMED

Maryland, with 8 electoral votes, was claimed for Taft with a margin of only 130 votes and few districts yet to be heard from. The Democrats insisted that they would not yield the State to the Republicans save upon the authority of the Legislature.

In Missouri the plurality of Bradley, the Republican candidate for Governor, appeared as 16,154.

Indiana apparently has given the Democrats a majority of 8 on joint ballot in the Legislature which would assure the return of a Democratic United States Senator.

West Virginia, the only State where the Democrats have a plurality, is expected to elect a Republican Governor.

Taft's plurality in New York State has gone well over the 200,000 mark, while Hughes for Governor has shrunk to 70,000 or less.

SOCIALISTS DISAPPOINTED

Attention began to turn today to votes of the Socialist, Prohibition and Independence parties. It appeared early today that the Socialists had been disappointed in their widely avowed expectations of casting "a million for Debs" and in some States had even fallen below their total of 100,000 votes. In general, however, their vote showed material increase. As for the Prohibition vote, its totals present a great disappointment to those who expected that the prohibition wave that has swept several States in the "dry column" during the past years, would show surprising increases in the vote of the party which makes its chief issue.

CALIFORNIA

SAN FRANCISCO, Nov. 5.—Returns from 2302 of 2854 precincts in California with a vote aggregating 319,322, show a plurality for Taft of 74,275. Taft's lead in the State is not yet official, but the returns show a plurality of more than 75,000.

In 1904 the vote of Roosevelt in California was 205,238; Parker, 89,401; Debs (S.), 29,635; Swallow (P.), 278. From present appearances the combined votes of Debs and Hiseon will not be so great as the State this year as the vote for Debs in 1904. The Prohibition vote seems to have about held its own. The complete returns will probably show an increase of more than 50,000 votes over 1904.

COLORADO

DENVER, Colo., Nov. 5.—Returns from 132 out of the 146 precincts in Denver give Bryan a plurality of 2648, Shafroth for Governor, 5716. Outside counties are still incomplete, but there is sufficient to base the statement that both the Democratic national and State

CHILD IS FATALLY HURT

BERKELEY, Nov. 5.—Gertrude Davis, 5 years of age, daughter of Attorney J. C. Davis, living at 1441 Dwight way, was run down by a "Telegraph" avenue north-bound car at the corner of Haste street and the fatal injury was sustained. The child was taken to the hospital where she died at 2:30 o'clock this afternoon. Her father, J. C. Davis, is the president of the Illinois Association.

Tickets have been victorious and also that the next Legislature will be Democratic by a majority of 16. This insures the selection of Charles J. Hughes as Governor and the successor of United States Senator Henry M. Teller, which selection will be made by the next general assembly. It is almost sure that all three Democratic candidates for Congress have been elected.

DENVER, Colo., Nov. 5.—Unofficial returns for the entire State show Bryan's plurality in each county and in the State at large. He has a majority of 20 to 15 and the House 51 to 44.

MARYLAND

BALTIMORE, Nov. 5.—The official canvass of Maryland's vote of Tuesday will be begun in each county and in Baltimore city today. While the result may be known in many of the counties by tonight in others and in Baltimore it may require several days to complete the count.

Nothing definite has been received early this morning to change the latest reports last night, giving Taft the State by a close margin and it is possible the complexion may again be changed by the discovery of an ordinarily slight inaccuracy of a vote in a district.

BALTIMORE, Nov. 5.—A most certain revision of the unofficial figures was made today by the canvassers of the State and the result is to show that up to this point Taft has a plurality of 138. The vote is so close however that it is possible the complexion may again be changed by the discovery of an ordinarily slight inaccuracy of a vote in a district.

MISSOURI

ST. LOUIS, Nov. 5.—Unofficial returns to the Post-Dispatch from 114 of the 116 counties in Missouri, 80 counties being complete, give Bryan 69,749, Taft 29,117. Taft's plurality 479. For Governor, Bradley (Republican), 302,757; Coward (Democrat), 286,694. Indley's plurality, 15,152. Only official canvass can decide the political complexion of State's electoral vote.

ST. LOUIS, Nov. 5.—Scattering and miscellaneous returns from missing precincts in Missouri indicate that the election muddle in this State early today. The electoral vote is swinging between Taft and Bryan, the precinct returns showing first one and then the other in the lead. At the State headquarters of the parties the work of tabulation is proceeding slowly and while each chairman claimed the State neither was ready to back his opinion with figures.

Exactly similar conditions prevailed in regard to the Legislature, it becoming reasonably certain that the Republicans will control the House and the Democrats will have a majority in the Senate, due largely to the number of hold-over senators. Which party will prevail on joint ballot is still uncertain.

The minority of Morgan, the Republican State committee claims this for Taft by a plurality of 360 votes, two less than Roosevelt received over Parker four years ago. On the basis of Taft's lead in the State is now 829, but in the absence of complete returns this result is far from decisive.

Neither party is sure of the Legislature, which is to elect a United States Senator to succeed Senator Stone. Latest returns indicate a Democratic majority in the House of Representatives, the Republicans controlling the House and the Democrats the Senate.

NEVADA

RENO, Nev., Nov. 5.—Absolutely no doubt exists about the U. S. senatorship from Nevada as stated in story from Washington last night. U. S. Senator Francis G. Newlands, Democrat, has been re-elected by popular vote by a majority of between 2000 and 3000. The Democrats have pledged their State legislators to stand by the result of the vote. Even should the Republicans desire to go back in this promise the Democrats will control both branches of the State Legislature.

WEST VIRGINIA

WHEELING, W. Va., Nov. 5.—West Virginia, 571 electoral districts out of 1103 complete (Republican) 95,679, Bennett (Democrat) 66,830.

CONGRESS

IN COLORADO. Edward T. Taylor, Democrat, Colorado at large, elected. A. W. Rucker, Democrat, first Colorado district, elected. John A. Macdon, Democrat, second Colorado district, elected.

IN OHIO. Congress: Fourth Ohio, Wm. E. Touvelton, Democrat, re-elected. Sixth Ohio, Matthew R. Denver, Democrat, re-elected.

WEE WEEPS AT MORSE TRIAL

NEW YORK, Nov. 5.—Charles F. Shirke, the juror whose sudden illness was responsible for an interruption in the deliberation of the jury trial of Charles W. Morse and Alfred H. Curtis, the bankers, last night, was able to go to court today, averting an immediate four of a mistrial. Mr. Curtis was accompanied by Mrs. Curtis, who has been with him every day since the trial began. Morse did not reach the courtroom until later. At 11:30 o'clock the jury went into court and asked for further instructions in the law of conspiracy.

For the jury had once more retired to their room, Mrs. Curtis, who had been hovering intently to Judge Hough's instructions, buried her face in her hands and began to sob. Mrs. Morse, the wife of the other defendant, hurried to the side of the weeping woman and placing her arms around her endeavored to reassure her that everything was all right for both defendants.

The finding of waiting was relieved for a time early this afternoon when a newspaper photographer attempted to take a snapshot of Mrs. Curtis, when he and the ladies who accompanied him, when he was leaving the courtroom for luncheon, saw the photographer and his camera. Just as the photographer was about to snap the shutter Morse sprang at him, snatched the camera, smashed it and gave the photographer a black eye.

BULLET TAKEN FROM HIS CHEEK

A bullet, intended to end the life of Smith A. Brandon, was removed from his left cheek this morning at the Receiving Hospital by Drs. Hamlin, Irwin, Curtis, Reine and Koford. Brandon, on January 13, attempted to kill his wife, Doretta, and then commit suicide. The bullet, fired into the mouth, lodged against the cheek bone and the would-be suicide recovered.

He was charged with attempt at murder and sentenced to one year in the county jail for wounding his wife. The bullet has been bothering Brandon so much of late that he had it removed. He is kept under guard at the Receiving Hospital.

His wife, who has forgiven him, is constantly at his bedside and was present this morning during the operation, which was a dangerous one. The putting was done by the surgeons from the inside of the patient's mouth.

reprimand the officers concerned, or to exchange regrets with Germany. At the same time the foreign offices of St. Petersburg and London have been informed of the exact situation. The French Government declared today that he was ready to go before the Chamber of Deputies on the issue and resign, if he was not upheld. The press voices the approval of the government and declares that a back-down would be equivalent to the moral end of France.

ONLY WANTS APOLOGY

BERLIN, Nov. 5.—The viewpoint of Germany in the Casablanca difficulty was explained officially by the foreign office, with the expressed desire that it be called to the United States in order to clear up any existing doubt.

"As a matter of fact," said an official of the foreign office, "it is a simple expression of regret from France for the violence employed against the German consular office at Casablanca, an expression as much as any other of the kind which officials had been subjected to attack. Unless this is forthcoming there would be no object in continuing negotiations. We cannot permit any nation whose officials have been subjected to attack, to be a point of national honor that such regret should be expressed."

WOLLFENBUTTEL. The French officials concerned by the adoption of any measures of discipline whatever.

"Concerning the other points of the difference we are prepared to arbitrate. We acknowledge that some things might have occurred on the German side which could have been avoided, while France also must admit, from her side, that unnecessary acts were committed."

Both the French ambassador, M. Cambon, and the French government have been aware of our demands for a long time."

The rumors current here that Paul Cambon, the French ambassador to Germany, has resigned are without foundation.

An extraordinary session of the Cabinet was held this afternoon and decided to accept the German demands was unanimously ratified. At the same time it was agreed that France should show her conciliatory disposition by offering means of agreement from the present deadlock that should be honorable to both countries. This was set forth in the following terms:

No aggravation of the political conflict with Germany is to be permitted in official circles, where a settlement honorable to both countries is hoped for. If the disposition of the German government is one of conciliation, France will accept an understanding could be reached by which the two countries, with mutual expressions of regret over the Casablanca incident, could defer the matter to arbitration. But it is evident that this is the only concession France can make and the refusal of the cabinet to censure the officers and soldiers concerned must be considered as definite.

WEE WEEPS AT MORSE TRIAL

LOS ANGELES, Nov. 5.—On trial for shooting his wife three times last night in an attempt to slay her, Guy H. Morse, a decrepit white-haired man, 60 years of age, broke down on the witness stand and wept at the story of his life. He said that his real name was Elias Hamlet and that he had been a prominent person in Indiana. The name of Hamlet was his real name. He changed his name, assuming that of his mother, fifteen years ago, when he came to California. He was superintendent of the Woodmen of the World, a fraternal organization, and his position because of gambling. He drifted over the country as a gambler for many years, marrying his second wife several years ago. He attempted to kill himself, but failed at the time and his wife said he did not know why he tried to kill her, as he had no reason for it. Both Hough and his wife went through the former's recital of his life's story. The old man said he had spent the night on the witness stand for courage to make this confession.

PAYMASTER OF NAVY TAKES BRIDE

Rishworth Nicholson, U. S. N., and Miss May A. Luthner Are Wedded at Groom's Home.

The wedding of Paymaster Rishworth Nicholson of the United States Navy and Miss May A. Luthner of New York, was solemnized this afternoon at the Nicholson home on Linden street. Only the immediate members of the family were present to witness the important ceremony, which united the young naval officer and his handsome bride. Rev. Alexander Allen was the officiating clergyman.

A short funeral was obtained by Paymaster Nicholson, who arrived in Oakland on Monday, his fiancée arriving day later from New York.

The wedding is the culmination of a romance which began in the Orient, where the bride and her aunt, Mrs. A. L. Parker, were touring. They met Mr. Nicholson in Oakland with Mrs. Parker during the fleet festivities, having soon after for her eastern home.

Mr. and Mrs. Nicholson left for a brief honeymoon journey; their future plans having not, as yet, been decided upon.

Court Refuses to Quash Indictments

(Special to The Tribune.)

SAN FRANCISCO, Nov. 5.—The first efforts made by Attorney Murphy and his associates in connection with an alleged attempt to bribe Judge John Kelly, met with defeat this morning when Superior Judge Murphy declined their motions to set aside the indictments on the ground of prejudice on the part of the grand jurors.

The proceedings were short and after the court had made the order of denial, Attorney Schlesinger and Fernali, co-prosecutors. These will be argued tomorrow morning and in the event that they are denied one of the two attorneys will be at once placed on trial.

Socialist Vote Greatly Reduced

CHICAGO, Nov. 5.—The Socialist vote in the election showed a marked falling off from the record in 1904 in the three principal cities of the country. In Chicago the vote was 40,000 in 1904, but less than 14,000 votes in the returns and the total will exceed 2,000 votes for Mr. Debs. Cincinnati and Cleveland, also, showed a marked falling off, polled a greatly decreased vote.

the science in the fitting of nose glass frames

Everybody knows that a good piece of goods doesn't necessarily make a satisfactory suit. A poor tailor can ruin the effect of the best of material and in the same manner a poorly fitted pair of glasses can ruin the effect of the best of lenses.

It takes study to properly adjust glasses, and it is a science to fit nose glasses. For instance, one kind of nose piece can be adjusted at 24 different angles and there are close on to 400 different nose pieces.

There's a "know how" to fit a nose glass adjustment which few opticians have seriously studied, and this is the very reason why so many people wear spectacles who could as comfortably wear nose glasses.

Our Mr. C. L. Hogue and his first assistant have both studied the science of adjustment, and if you'll ask for them you'll be fitted to a pair of glasses that you wouldn't sell for their weight in gold.

You won't know what real eye comfort is until one of these gentlemen has fitted you with the proper frame.

WILL PROBE WOMAN'S DEATH

INQUEST TOMORROW ON BEAMER MYSTERY

Coroner Will Investigate Sudden Demise of Pretty Girl Supposed to Be a Suicide.

ALAMEDA Nov. 5.—The inquest in the case of Miss Adda Beamer, the young Oakland woman who died at a local hospital from the effects of bichloride of mercury, taken, it is thought, with suicidal intent while dependent because of unrequited love and ill health, will be held at the local morgue tomorrow morning at 9 o'clock.

Edward Ladd, leader of the orchestra in the Alhambra Theatre, San Francisco, with whom Miss Beamer was said to have been infatuated, is among the witnesses who have been summoned to testify. Caesar Brandt, another musician and a member of the orchestra of the Orpheum in Oakland, has also been summoned as a witness. Brandt arranged to have the young woman brought from the Alhambra Theatre in Oakland last Sunday after she had taken the bichloride of mercury. He said that he was a close friend of Miss Beamer and had often assisted her in securing positions on the stage as a chorus girl and had also aided her financially. Brandt was with the girl a short time before she died at the local hospital.

Dr. John Parvey, who had been the young woman's physician, and Dr. C. G. Bull, who performed the autopsy, are also included among the list of witnesses summoned.

WANTED TRIAL TO BEGIN ON BIRTHDAY

Trial of Claudianes for Dynamiting Gallagher's Home Delayed Because Judge Ogden Has Jury Trial On.

Peter Claudianes displayed a sullen countenance this morning as Judge Waste set his case for trial on Monday, November 20. He thought that he was going to have the trial begin today, his birthday, but the circumstances made it advisable for the court to rule otherwise.

Judge Ogden was unprepared to proceed with the Claudianes case, and he has set a jury trial on now and furthermore he desires to spend some time at the Martin trial, where he is the complaining witness.

Everybody else was pleased with the continuance except Peter Claudianes. After being taken from the court room he consulted with his attorney, S. S. Scott of San Francisco, and decided that probably it was not so bad after all to wait until the Monday after Thanksgiving to go to the trial. Claudianes, former Supervisor James L. Gallagher's home.

Judge Waste instructed the witnesses present to appear again in court on November 20.

When the witnesses appeared, they were taken into custody first appeared the most cheerful of the pair and was willing to have the date of his trial set on November 20.

District Attorney Donahue announced this morning that the criminal calendar of the Superior Court is being arranged up and that there will be nothing to block the Claudianes cases when they come up again. If there was an available judge this morning, Donahue said he could have proceeded with the trial of Peter Claudianes.

FIRST NATIONAL INCREASES STOCK

Capital Raised to Half a Million and Larger Dividends Promised.

Stockholders of the First National Bank of Oakland were notified yesterday that the plan to increase the capital stock upon which the directors have been at work for some time is now about to be consummated and that payments on the new issue are due.

It is proposed to enlarge the capital from its present figure, \$200,000, to a round half million, by the issue of 2000 shares of new stock. Under the law this new issue must be offered first to the old stockholders and it is understood that the greater part of it has been subscribed by the latter. A limited number of shares, however, will be sold to persons not acceptable to the present management.

Although the actual value of the stock now outstanding is about \$150 a share, the new issue will be offered to stockholders and others at \$100 a share and its sale will result in adding \$400,000 to the present investment of the bank.

The First National will then have a capital of \$500,000, surplus of \$100,000 and in addition will own the First Trust & Savings Bank, with its paid-up capital of \$200,000, and a total capitalized strength of about \$800,000.

Since moving into its new building at Fourteenth and Broadway the bank has gained more than six hundred new accounts. The First Trust & Savings Bank, which began business June, has nearly 2000 depositors, with total deposits of nearly \$1,000,000.

In view of all these conditions and the expected growth of the city and its industries, the First National directors have practically decided upon an increase in the dividend rate from 6 per cent to 8 per cent, arguing that the earnings for many years past justify the advance.

WOMAN CLAIMS GUESSING ON NEIGHBOR WAS DISTURBER

Mrs. Mary Leffler Has Aged Man Arrested, Alleging That He "Cussed" at Her and Annoyed Dogs.

Mrs. Mary Leffler, a handsome dark-eyed woman of 14½ Mead avenue, was in the police court this morning to prosecute a charge of disturbing the peace against Theophilus Tucker, an inventor and her neighbor who lives at 12 Mead avenue. After some of the testimony had been heard by Judge Samuel, he continued the case until Saturday morning for further hearing.

In accordance with the complaint made by Mrs. Leffler as well as her testimony, Tucker had been in the habit of calling her vile names without provocation had tantalized two dogs she owned by poking at them with a broomstick and drenching them with water. She also declared that he never stepped into her yard without having some "cuss word" hurled at him by her alleged irate and disagreeable neighbor.

Tucker, a gray haired man, was in court and was apparently innocent personified. He will claim as is shown by questions put to Mrs. Leffler by his attorneys, Steffner & Dillert, that Mrs. Leffler once told him that she would spit twice in his face and carried out his threats to the letter. He realized that the woman was laboring under excitement he declares and made no protest. He will deny that he is as bad as painted and that in fact the woman disturbs his peace. In the opinion of the court and its officers, the charge is the result of a neighborhood quarrel.

COMMITTS SUICIDE IN HIS BEDROOM

James Hennessy Worried Over Financial Troubles Regarding Mining Properties.

ALAMEDA Nov. 5.—James Hennessy, 58 years of age, employed recently by Bradstreet Commercial Agency, killed himself at his home, 2515 Dodge avenue, either late last night or early this morning.

His body was found lying on the floor by his cot, Viktor Hennessy, his son, went to the father's room this morning to call him and found him dead. Hennessy had shot himself through the right temple with a .38 calibre pistol believed to have been purchased for the express purpose of killing himself. The father and son were alone in the house last night. Mrs. Hennessy, being under treatment at a health resort in Napa county and the daughter, May Hennessy, being in San Francisco last night. The family say that Hennessy was worried over financial matters, being recently called upon to raise a considerable sum of money to protect his mining and other interest. Dr. Riley, who was called by the son, said that he had been dead several hours. The son's room was three or four rooms from the father's bedroom and said he heard no pistol report during the night.

REV. DR. MESERVE TO LECTURE TONIGHT

Rev. Dr. Meserve, D. D., pastor of the Plymouth Congregational Church of San Francisco, will deliver a lecture at the Market Street Congregational Church, corner of Market and Eighteenth streets, at 8 o'clock this evening on his observations during recent travels in the British Isles, England, Scotland and the continent of Europe. Dr. Meserve was at one time pastor of a large and influential church in the city of London, England, and was elected first full-time Pacific Coast delegate to the International Church Council, recently held in the city of Edinburgh. He is a speaker of rare ability and his lecture this evening will doubtless attract a full house. Admission to the lecture will be free, but a free will offering will be taken to meet incidental expenses. The public are cordially invited to attend.

GUESSING ON CABINET OF TAFT

Secretaries Metcalf, Bonaparte and Cortelyou Are Likely to Retire From Official Work Next Year.

WASHINGTON D. C. Nov. 5.—Gossip is already beginning as to the probable members of Taft's cabinet when he assumes office in March. Friends of Secretary of the Treasury Cortelyou say that while Taft would be pleased to have him remain in the official family, Cortelyou feels the necessity of a thing to private life. He has a large income awaiting him. Should he not be in the next cabinet it is probable that Postmaster General Metcalf will be made secretary of the treasury. There is only one name mentioned in all the circles that may occur at the head of the postal service and that is Frank H. Hitchcock. Hitchcock was the first assistant postmaster general under Cortelyou who as chairman of the national Republican committee was handed the postal portfolio. Attorney General Bonaparte is slated for retirement. Wade Phillips, attorney general of Ohio is mentioned as his successor.

ROOT TO PLACE
The general opinion is that Elihu Root will remain secretary of state under Taft. It is understood that Roosevelt would like Root to become chief justice of the Supreme Court when Chief Justice Fuller retires as he will do during Taft's administration unless he resigns before next March and permits Roosevelt to have the appointment. Some question exists as to who will be chief justice of the Supreme Court. It is believed that if James Wilson of Iowa should step out as he presumably will, Gifford Pinchot who has charge of the forestry department is regarded as a likely choice for his place. Frank H. Hitchcock, the trust expert of Roosevelt's administration is picked by political men in attorney general. On Nov. 5, 50,000 will probably be paid to some one in connection with the whole change in the result of a neighborhood quarrel.

WESTERN MAN FOR THE NAVY.
Someone from the Pacific slope will be chosen to succeed Metcalf at the head of the Navy Department. He will be forced to retire because of his failing health. Admiral Adolphus Cowley, chief of the naval bureau, is both mentioned as possible successors to Secretary of War Wright. SkovvinsUgRuYh—ah edshredm ta hm

MOTHER OF EUGENE SCHMITZ IS DEAD
Complications incidental to Old Age Cause Death—Faithful Servant Prostrated.

(Special to The Tribune)
SAN FRANCISCO Nov. 5.—Mrs. Charlotte Whitman, mother of former Mayor Eugene F. Schmitz, died at 1:30 this morning at the residence of her son Herbert, 717 Greenwich street, after an illness of about 14 weeks. Mrs. Schmitz, who was 80 years old, died practically of old age and although confined to her bed for some time suffered comparatively little pain.

She was the mother of thirteen children, of whom five are now living. These are, besides the former mayor, Herbert Schmitz and Frank Schmitz, both prominent in this city. Alvin Schmitz, a business man of Alaska, and Miss Charlotte Schmitz of Honolulu.

One of the most grief-stricken members of the household as a result of the death of Mrs. Schmitz is an old servant who was close to her own age and who has been for sixty years in the family.

PASTOR MARRIES AT HIS OWN CHURCH ALTAR
SANTA ROSA Nov. 4.—Pretty 16-year-old Miss Ulricka G. Hansen of Petaluma became the bride of the Rev. C. A. Herman, pastor of the St. Nicholas Lutheran Church of this city, at noon today. The ceremony was performed at the altar of the minister's own church. The pastor is 39 years of age and when he was this morning to get his license it was necessary to have the consent of Miss Hansen's father. Parishioners decorated the church. The Rev. Dr. Bernhart of San Francisco was the officiating minister.

think that anyone would be so brutal and thoughtless as to telephone to me as did this party yesterday without having some message to deliver. Perhaps he has a message from Edna. I only hope that he has and that he will deliver it today. I have not, and I will not stir a step from the house today, for fear that the message might come again and I would be gone.

REPORT OF LETTER.
The report that Edna Clark was alive and well in Oakland and had been made by a man whose name is now being withheld by the police. The police have apparently accepted the man's statements and say that they believe the girl will be found in a few hours in an Oakland hospital. The report points further to the fact that some man is responsible for Edna Clark's disappearance and in fact the statement that before her disappearance she asked Edna Reynolds of the Young Women's Christian Association of Oakland for certain information which would indicate that a man was at the bottom of the trouble.

CONVINCED THAT GIRL TOOK TRAIN FOR SANTA ROSA

(Special to The Tribune)
SAN FRANCISCO Nov. 5.—Relieved of the humiliation of having a private detective dogging his footsteps and watered by the police move, and encouraged by the report of a telephone message having been received from a supposed friend of the missing Edna Clark, the Rev. Father Hanson, who was in a hospital room of mind this morning. He believes that light is about to break on the present darkness and that further news of the missing Alameda girl is sure to come soon.

Regarding the report that a portion of a Pullman berth dink had been found in the church of St. Mary the Virgin, Father Hanson asserted that he did not believe it and adding further that if such a find was made it would undoubtedly have been reported to him. He is convinced that the girl is not in the city but he believes that she might be in Oakland, although he is at a loss to find a reason for her continued silence and failure to go directly to her mother.

CONSULTED ANOTHER RECTOR
The clergyman stated today that he learned last evening that the Rev. Edgar P. Gee, pastor of St. John's Church, which is also one of the so-called high churches, had in like manner been made a confidant of the missing girl.

"She used to run in on Father Gee during the noon hour," said the clergyman this morning, and consult with him just as she did with me about high church matters. She used to go to the high school near St. John's Church, and the noon hour was a convenient time for her. She was visited by Father Gee to stay by her own church."

Captain of Detectives Kelly, who had two of his men at work on the case since Miss Clark's disappearance, stated this morning that he believed positively that she was not in this city, although he admitted that he had received information which had led him to send the two men out early this morning and they had not reported back up to noon.

WENT TO SANTA ROSA
At 1:30 this morning the girl went to Santa Rosa last Friday, said Captain Kelly. My information on this subject comes direct from a gentleman whose name I do not desire to make public who rode with her on the train to Santa Rosa. Rafael. He remembers the incident distinctly because of the fact that the young woman held her ticket. She had purchased a ticket to Santa Rosa. When she arrived at Tiburon it was missing and she could not find it. She seemed much distressed and bought a second ticket. Just as she was about to present this to the conductor to get the train she came upon the first ticket. The fact that the attention of a number of passengers was attracted to the girl through her losing her ticket and the gentleman I have mentioned who was sitting next her noticed her appearance particularly and describes her as the exact counterpart of the missing girl. The gentleman's exception that she wore a brown coat instead of a gray one. I expected the gentleman here this morning and if he comes I will communicate at once with the girl's parents.

ANNOUNCEMENT

FIVE SACKS OF REDWOOD BLOCKS FOR KINDLING FOR A DOLLAR

AMERICAN FUEL CO. TO HOLD ANOTHER KINDLING
WOOD SALE TOMORROW AND SATURDAY—MUST
ORDER COAL TO GET THE KINDLING.

The kindling wood sales conducted by the American Fuel Co. have created a great deal of interest and the fact that another sale is to be held tomorrow and Saturday will be good news to scores of people who are waiting for another chance to get some of this wood.

Tomorrow five sacks of redwood blocks for kindling will be sold for a dollar to any one who purchases 4 of a ton of American Block Coal. The object of these sales is simply to introduce American Block Coal and under no circumstances will the five sacks be sold unless coal is ordered at the same time.

"We had a similar sale about two weeks ago," said R. J. Copeland, local manager, this morning. "And ever since have been asked to repeat it. We limited that sale to 3 days and positively refused to sell the five sacks for a dollar after the 3 days were up. The sale that starts tomorrow is limited to two days and no one can get the wood after Saturday night. Our last sale a number of people wanted us to supply the blocks so that they could split them up to suit themselves, consequently at this sale we will send blocks as suggested. They can then be used in great quantities if desired, or split in large pieces if preferable, or in small kindling. They'll split easily with a hatchet and will really be more economical than the split kindling we sold at the last sale."

Of course these kindling wood blocks contain more kindling to the sack than the wood if split up, as fine cut kindling is hard to pack closely.

American Block Coal is creating a veritable furor in Alameda county and hundreds of sacks are being sold every week. Householders everywhere are singing its praises and it is only a

Overfatness Condemned

OVERFATNESS CONDEMNED.
Put, or even fatten, women residents who want to be in the mode this year must understand that the demand is for lines, not curves, and govern themselves accordingly.
That means OFF with the fat. It has become a duty. Many are trying exercises or dieting, but it is certain they will find these methods too slow and unreliable. The cheapest and safest way to be in form for the Directorate mode is by means of Marmola Prescription Tablets. Any druggist (or Marmola Company, Detroit, Mich.) will give you a large-sized case of these elegant little fat reducers, containing a good, generous supply, for seventy-five cents, and even this quantity should be enough to make a decided impression on your excess fat. Many have lost as much as a pound a day.

These Marmola Prescription Tablets may be used with impunity and likewise perfect confidence, for being made strictly in accordance with the famous Marmola Prescription, they are of course quite harmless. They are rather beneficial than otherwise, in fact, never disturbing the stomach or causing a wrinking of the flesh.

ANNOUNCEMENT

BERKELEY, Nov. 5.—The California staff will revive the old custom of holding a banquet each year, when the members of the staff will gather at the St. Marks Hotel in Oakland tomorrow night for an elaborate dinner and evening of conference.

CHARTRES, France, Nov. 5.—Beloit, the French aviator, had a narrow escape from serious injury yesterday when his machine capsized and was wrecked. Beloit jumped out and was only slightly bruised.

matter of time before it will be practically the only kitchen coal used in this section of the State.
Its most remarkable features are the facts that it has such a long, hot blaze which surrounds the oven, heating it almost instantly; that it burns without draft, heating up a boiler of hot water almost as quickly as a gas heater; that it gives out no smoke and that it is sootless, always keeping the stove and chimney clean and clear.

Those who have burned it state that it is not only the cleanest coal they ever burned, but that it is the most economical. The American Fuel Co. have received, and can show, over 100 letters voluntarily sent in by consumers within the last 30 days, praising the merits of American Block.

So confident of the satisfaction that this coal will give, the American Fuel Co. that they will agree to return anybody's money who after burning one sack of their order decide that it isn't exactly as represented. This is something that the writer believes has never been done before in this county, and proves conclusively the faith the company have in this coal.

The best way to get it is to call up Oakland 770, or Home Phone A1870, or call at the main office, 1217 Broadway, opposite the Liberty Theater. The office is the place by the big brass coal hod out in front.
A yard has been established in Berkeley which can be reached by Berkeley people by telephoning Berkeley 1729.

The price for the egg size (which are small lumps and contain no screenings), is \$11 a ton, or \$13 a sack. The large lumps cost \$13 a ton, or \$15 a sack. If you want the redwood kindling blocks order tomorrow or Saturday.

NORTON COUNTY VOTE

MELVIN GIVEN VERY
HANDSOME MAJORITY

The Complete Returns Show
Sweeping Republican Victory
McKinlay's Vote Is Largest.

SACRAMENTO, Nov. 5.—The election returns of this county are now all in. They show that the Republicans, aside from rolling up big majorities for Taft, McKinlay and Melvin, captured practically every office in sight. The Republicans elected a senator in the seventh district, three assemblymen, two supervisors and one superior judge.

Inasmuch as a large portion of the votes received by the two Democratic judges elected were polled by Republicans, it is not considered that the judgeship fight was a lopsided victory. Excepting the two Democratic judges, the Democrats secured one office, that of supervisor in the second district.

TAFT BY 1897.
Fifty precincts out of a total of 60 in Sacramento county gave for: Taft, 6445; Bryan, 4568; Wilson, 54; Chas. 104; Debs, 504; Supreme court Melvin, 5938; Murras, 4850; Lewis, 509.

Senate constitutional amendment No. 1, relating to separation of State

THE GREAT KLAMATH COUNTRY.
There are comparatively few people in California who are at a family with the great opportunities offered to the man of small means in the Klamath region in southern Oregon and northern California. Here lies a vast territory which, until the past year, was 60 miles from the nearest railroad. In the valley of the Klamath and Crocker rivers, and in the foothills of the Coast Range, the valley, being covered for the most part with a luxuriant growth of sugar pine, is a beautiful and fertile country. The valley, being covered for the most part with a luxuriant growth of sugar pine, is a beautiful and fertile country. The valley, being covered for the most part with a luxuriant growth of sugar pine, is a beautiful and fertile country.

Another feature in the rapid development of the country is the building of the California Northern Railway from Weed, Cal., north to Klamath Falls and thence north to Corvallis, Ore. This road is being built as rapidly as possible and will enable the home seeker to reach this most fertile and beautiful country in a few days. Anyone who has only ordinary facilities for observation knows that when railroad corners extend their lines into an undeveloped country, the prices of land immediately advance correspondingly with the development. Therefore, follow that if a man would get the benefit of the advance which is sure to come in the Klamath country, he should make his investment before the development goes too far.

The Southern Pacific Company is anxious to get this country settled up in order to secure business to its rails. It is offering inducements in the way of cheap rates to home seekers desiring to look over the country. In fact the round trip excursion summer is being continued throughout the year. This style of ticket gives the holder ninety days for the return, with stopover privileges north of Redding. More complete information concerning rates can be had upon inquiry at the Southern Pacific ticket office, Thirteenth and Franklin streets.

Those who are contemplating seeking a location in this rich country would probably be interested to know that a correspondence lecture is given every Thursday evening at 308 San Pablo avenue by a gentleman who is perfectly familiar with all the existing conditions. He has about 150 very fine views of the country and his lecture is full of reliable information. These lectures are free to the public, ladies as well as gentlemen.

YOUNG NEWSPAPER MAN SLIPS INTO EASY JOB

NEW YORK, Nov. 5.—A special dispatch to the World from Philadelphia says:

Given three weeks' leave from his paper that he might accept the secretaryship of a "Philadelphia party," a reform movement in opposition to the Republican city organization, Frank Z. Gorman, 24 years old, a reporter, was nominated at the last minute or county commissioner, more to fill up the ticket than with any idea of electing him. The completion of the count early this morning showed that Gorman had slipped into a job that will pay him \$5000 a year for the next three years.

COMPETITIVE DRILL

BERKELEY, Nov. 5.—A competitive drill in the sophomore battalion of the military department of the university will be held November 20. The company winning this contest will be awarded a banner. On the following Monday, after a military ceremony, Captain Lewis will present the colors to the best drilled company. Lieutenant Colonel Dickey and Colonel Yost and Kline will act as judges and will officiate at the ceremony of presenting the banner to the winners.

---Courtesy in banking is an asset seldom appreciated by bankers.

Thursday, Eve., Nov. 5th, 1908.

The modern stockkeeper counts the courtesy of his help and the good will of his patrons a valuable asset.

The hotelman makes a study of the science of spreading contentment.

The theater spends almost lavishly to add comfort to pleasure and the care for the welfare and satisfaction of all patrons of any modern business is an important feature of the institution.

It is just so in banking.

But is the real commercial value of courtesy always appreciated by banks?

The merchant extends a favor to a bank when he deposits his money with them—a favor for which he has a right to expect reciprocation.

The Central Bank appreciates this fact; they realize that courtesy counts and they insist that it be extended. "Patience" is a watchword here—every teller and every employee is required to be more than civil, to exercise every element of business courtesy toward every depositor.

A checking account is a favorite account with us and a small amount will start one. It is really the only way to properly make payments, and no matter how small your account may be it will be welcomed and appreciated and you will be courteously treated and well cared for.

Developing a New Electric Railway System.

The Southern Pacific Company is fast maturing its plans for the expansion and electrification of its local transportation system on this side of the bay. A few weeks ago the company secured for the purpose new franchises and additional rights of way in Alameda, and it has acquired rights of way through private property lying between and paralleling the scenic boulevard and the county road, for an extension of the Melrose branch to San Leandro and possibly to Hayward.

As the Southern Pacific Company's electric interurban plans are being developed, it is plainly its intention to invade all of the territory now occupied by the Key Route and Oakland Traction Company. Last night an application was made to the Town Trustees of Berkeley for a number of new electric railway franchises, traversing the east, west and southern section of the college town, paralleling all of the Key Route lines and extending into Contra Costa county. These franchises, if granted, will involve an expenditure by the company of at least \$2,000,000, and General Manager Scott, of the Western Division, informed the Town Trustees that the company is ready to go ahead with the work at once.

The Southern Pacific Company is, in fact, in a great hurry at the present time to electrify all of its interurban steam lines and to develop a complete electric interurban railway system to meet the competition of the Key Route in all parts of this and Contra Costa county where the latter is operating. The Key Route has cut into the company's local passenger traffic wherever its tracks have been laid, and with the increasing popularity of the trolley lines there is a marked falling off in the patronage of the steam railroads. The company is, in fact, passing through the same experience with its local lines on this side of the bay that it passed through in Los Angeles county, where it had to withdraw from the competition with the interurban trolley railways, which it had kept up for years at a great loss.

The carrying out of the electric railway plans of the Southern Pacific on this side of the bay will involve a total expenditure of at least \$5,000,000. It embraces changes in the motive power of the Webster and Seventh street lines. The steam franchise on the latter thoroughfare has only a short time to run and, aside from consideration of economy in operation, a renewal of the franchise will doubtless depend upon the use of electricity or some motive power other than steam in future.

These interurban railway changes and extensions are of the greatest importance to the future development of the three cities on this side of the bay and their numerous suburbs. And the present activity of the Southern Pacific in the maturing of its plans is a sure sign that the change is close at hand.

Exit William J. Bryan.

The returns should dispel William J. Bryan's last lingering hopes of ever achieving the Presidency. His first defeat was overwhelming, his second crushing, and his third a complete rout. He has lost Maryland and Missouri by narrow margins, and has saved Kentucky by less than 13,000 plurality. His majority in Oklahoma is comparatively small, and a vigorous Republican campaign in Tennessee would have endangered his success there. West of the Missouri river he only carried three States, one of them his own, which went to him more out of local pride and personal compliment than political conviction.

Even Bryan's sanguine temperament must yield to this convincing demonstration of popular disapproval of his theories of government. The last demonstration is all the more significant from the fact that Bryan has never appeared so attractive personally as he did on the stump in this campaign. He was at his very best. His presence was magnetic, his oratory captivating. But while crowds heard him speak with pleasure, admired his gifts, and were impressed by his evident sincerity, the great majority of his countrymen were more convinced than ever that he was an unsafe man to intrust with the residential office. His polished sophistry and cleverness at catch-phrasing merely accentuated distrust for his judgment. The very qualities which made him captivating as a public speaker strengthened the impression in the minds of thoughtful men that his opinions were neither wise nor stable, and that his brilliancy was too near erraticism to be regarded as a solid quality. In consequence his rejection at the polls was not so much a repudiation of his professed aims as an enormous vote of no confidence.

Unless Bryan is impervious to the lessons of experience he will never again offer himself as a candidate for the Presidency. His latest defeat was a tragedy, another would be a farce, and would make him an object of universal ridicule.

Pagan philosophers pictured gods as close akin to fools. Bryan seems to possess some of the qualities of both. By again dragging his frayed and tattered ambition across the political stage he will forever divest himself of kinship with Olympus, and figure ever after as a modern Don Quixote perpetually tilting at windmills and pursuing a half-crazy way a vanishing popularity. If he would retain the respect of his countrymen, and preserve his dignity and self-respect, he will accept his defeat in silence and calmness as a finality from which there is no appeal. It is to be hoped that he will, for he holds a warm place in the affections (if not the confidence) of hundreds of thousands who could not bring themselves to vote for him, and he has done the state some service by giving eloquent voice to abuses that call for a remedy. The good wishes of millions will follow Mr. Bryan in political retirement, but a fourth race for the Presidency will relegate him to the ranks of those who are made monomaniacs by egotism and unbalanced ambition.

Because of a petty factional squabble, the Republican convention of Contra Costa refused to renominate Judge Wells, who has presided with dignity and fairness over the Superior Court of that county for many years. The voters of the county resented this action by electing a Democrat over the candidate nominated in the place of Judge Wells. Contra Costa county gave Taft about 1700 plurality, but notwithstanding the Democratic nominee for Superior Judge is elected by over 700 majority. The net result is that the county has lost from the bench an able and accomplished jurist and the Republican party has been bereft of an important judicial office. That is what comes of permitting factional contentions to determine the selection of judicial candidates.

The resumption of work in many large factories is prompt testimony that the tonic of a Republican victory was the one thing needed to restore confidence and business activity throughout the country. The Democrats can console themselves with the knowledge that they will share equally with Republicans in the prosperity of the coming good times.

Few Republicans will be disposed to begrudge Mr. Bryan his victory in his own State. It is a tribute to his neighborly qualities and domestic virtues that his home city and county, both strongly Republican, should have given him substantial majorities. This is entirely creditable to Mr. Bryan and his neighbors and is quite natural. Bryan has an attractive personality. He is an extremely likeable man, an ideal neighbor and a good citizen. But he is not a statesman, and his generous enthusiasms are impotent to infuse practical wisdom into his visionary theories of national policy. However, it is in accord with human nature that his neighbors should have given him a vote of esteem and good will.

A marked revival of activity in the big industrial centers of the country is already following the election of Taft. The New England cotton mills, which have been running for more than a year with only from 30 to 75 per cent of their normal capacity, are to be placed at once on a full basis, and the big orders which are flowing into the great steel works in Pennsylvania for structural and railroad material is setting the wheels of industry in motion. These orders indicate a great revival in building and railroad construction all over the country which will quickly dissipate the army of unemployed.

Even Japan is joining in the general rejoicing over the election of Taft to the Presidency, where it is regarded as assuring peace and the continuance of righteous government. Premier Katsura predicts that Taft will probably prove to be the ablest President the United States ever elected, because of his world-wide experience. It is a noteworthy fact that none of the Nation's Presidents, not excepting Roosevelt, has had such opportunities for the study of foreign countries and their governmental systems as it has been the privilege of the President-elect to enjoy.

Justice Melvin's handsome majority over Judge Murasky, of San Francisco, notwithstanding the heavy vote the latter received across the bay, continues to increase as the returns come in from other parts of the State. The returns so far received show that his majority has already passed the 23,000 mark, and it is still growing.

One of the good results which promises to grow out of the defeat of Bryan is the extinction of Samuel Gompers as a labor leader. His utter failure to swing the organized labor vote over to the Democracy has, in all probability, sealed his doom as the head of the American Federation of Labor.

Taft's election has carried joy to the hearts of the people of the Philippines, as well it should, for Bryan's election would have placed the future of the islands in the gravest doubt.

REFLECTIONS OF A BACHELOR

Pleasure is a stepping-stone to misery.

Old maids can't be happy because they don't have so much to worry about.

A man can always find something to be concerned about if it's only that he isn't.

The reason a woman likes to own a little box of a house in the suburbs is so she can speak of it as her country estate.

The only pleasure a man gets out of having his wife for a partner in cards is how he can scold her about her playing the way he couldn't other people.

OUR CONSULAR SERVICE

School Started Where Young Men May Be Educated for Foreign Service.

The educational field has been so thoroughly covered that hardly any branch of the higher activities of our complex life remains unexplored. The George Washington University at Washington, D. C., comes to the front with the latest thing in this line in offering a school for special training for work in the consular service. It has long maintained a school of diplomacy, of which this latest venture is doubtless a development. Present plans include besides instruction in international law and diplomacy, international trade, commercial treaties, commercial geography, tariffs, international claims and arbitration, international finance, languages. Specialists and experts have been secured as instructors and lecturers. Some men high in both political and financial councils have given it tentative approval and John Hay has subscribed \$10,000 as a nest egg for a supporting fund.

Perhaps the most obvious criticism to be passed upon this school for consuls is that it may be premature. The method of appointment and classification has not yet reached that high and independent level where those preparatory for the work would have any assurance of an opportunity to exercise their talents and training in their chosen field, so that the enterprise as yet has only an academic value as a direct means to a given end. We have made advances and gained ground, which we trust can be held, especially in the matter of classification and grading of the young men in this service. But they are not yet protected. They are not sure of promotion when they deserve it. In other words, the consular service has not yet been invested with the dignity of a career, and to spend time and money in training for a calling whose personnel is still determined by arbitrary or clerical means is not likely to appeal very strongly to the student who thoroughly understands the conditions.—Boston Transcript.

NAVIES IN AIR NOT SOON

Something More Practical Than Gas Bags Wanted to Roam the Skies.

Before navies of the air can be made effective there must be some practical invention vastly superior to the dirigible balloon which is not dirigible. More than a quarter of a century ago Professor S. P. Langley constructed the first aeroplane and made it fly. He used no gas bag, that was sure to be the sport of every breeze. He adopted the sailing bird as his model and was as certain his theory was the correct one as Galileo was that the earth turned on its axis, and revolved in its orbit around the sun. His theory and invention have been adopted by all advanced aerologists. Santos-Dumont, who made the first successful flights with what is called a dirigible balloon, which flights were of small importance, has abandoned the gas bag as a practical possibility and has proclaimed that air navigation for practical purposes can be accomplished by means of the aeroplane, which defies wind and weather. The government would be wise to look alone to the aeroplane, and devote money to its development, instead of wasting it on gas bags, which from their very characteristics of a lighter-than-air creature must be the victim of all the eight winds of the heavens.—Pittsburgh Dispatch.

According to the latest accounts, South Dakota will soon cease to be the State of easy divorce, as the election returns received at Sioux Falls indicate that the new divorce law has been approved by a large majority of the people.

Uncle Joe Cannon has the laugh on the Nebraska Republican Congressmen who pledged themselves to vote against him for Speaker. They are all defeated while he has been re-elected by an enormous majority, and is certain to be re-elected to the Speakership.

Old Missouri seems to be getting the Republican habit.

There Can be No Doubt About the Results in Oakland.

Results tell the tale. All doubt is removed. The testimony of an Oakland citizen.

Can be easily investigated.

What better proof can be had?

Mrs. F. E. Durham, living at 901-2 Castro street, Oakland, Cal., says: "The results that followed the use of Doan's Kidney Pills in my case were very satisfactory. I suffered a great deal from backache which made me very miserable at times. I felt tired and distressed nearly all the time and having reason to believe that the trouble originated in my kidneys, I decided to procure a kidney remedy. I read an account of Doan's Kidney Pills and, being much impressed, I procured a box of Doan's Kidney Pills and started using them. They strengthened my kidneys and the other difficulties arising from them were relieved. I am glad to tell others of the merits of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

ENGAGEMENT
OF MISS
JOSEPHINE
SHAFFER BECK
ANNOUNCED

HOME CLUB
HARVEST
DANCE
AN EVENING
AFFAIR

A pretty announcement of yesterday afternoon was that of the engagement of Miss Josephine Zebulino Schaffer to Joseph Allan Baptista. A more or less intimate friends were asked by Miss Maryette Baptista to her home for an afternoon of bridge. The secret was told in an original manner. Across the deck of hearts the names of the engaged couple were written, and singularly enough, no notice was taken of the writing until two or three hands had been played, when one of the young ladies remarked that she did not want the card as it had writing on it. Immediately the guests looked at the inscription and the pretty secret was disclosed.

The announcement brought forth the most sincere congratulations for Miss Schaffer, a very lovable and attractive girl. She is the daughter of Paul Schaffer, postmaster of Oakland.

The happy fiancé is the son of Jose Baptista, the vice-president of the Portuguese-American Bank of San Francisco, where he is engaged as cashier.

After the engagement was disclosed all interest in the card game was lost for the news came as such a complete surprise, that congratulations and numerous questions were all that could be thought of for the remainder of the afternoon. The young people are not ready to talk of their wedding plans as yet, but the days prior to that happy event are to be filled with affairs of pleasure for the attractive young maiden.

Miss Baptista, the pretty young hostess, is a frequent hostess for her originality.

Among those who enjoyed Miss Baptista's hospitality were Miss Schaffer, the guest of honor; Miss Kathleen Bassett, Miss Margaret Thorp, Miss Ethel Black, Miss Zida Silva, Miss Helen Varney, Miss Gertrude Putnam, Miss Mary Nelson, Miss Ella Elmer, Miss Mary Brunster, Miss Emily Meyer, Miss Loretta Knapp, Miss Cecel Chiles, Miss Olive Orton, Miss Hazel Horton, Miss Jessamine Horton, Miss Elvira Rubenstein.

It is hinted that Miss Baptista will be a bride before many months and another who will be a bride of the winter is Miss Jeanine Houghton.

BIRTHDAY PARTY.

The birthday of William Randolph Lovejoy was observed Saturday morning at the family home on Telegraph avenue, with a jolly Halloween party. The decorations were unique. The pumpkins, lighted with candles, which showed wild faces. All sorts of curious animals were made from the pumpkin. A red, ribbon, entwined with huckleberry vine. The evening was enjoyed with all the time honored customs well observed, which told of future happenings. Musical selections were given by Miss Etta Graham, Miss Hazel Smith and Mrs. Ambrose Armstrong gave some humorous recitations.

Among those present were Mr. and Mrs. William Lovejoy of Napa; Mr. and Mrs. Percel Bartley, Miss Henrietta Behaman, Miss Angie Bright, of Napa; Miss Hazel Smith of Seattle; Miss Sarah Graham, Miss Etta Graham, Miss Jessie Graham, Mr. and Mrs. E. B. Reid and Mr. and Mrs. Ambrose Armstrong.

'NAT' LIKELY TO MARRY THIS WEEK

Judging From Appearances Goodwin Has Purchased Wedding Ring.

NEW YORK, Nov. 5.—Judging from appearances there seems to be no doubt whatever that Nat Goodwin will marry Edna Goodrich this week and the actor's friends, declare the wedding will take place Saturday. They declare that Goodwin purchased the wedding ring yesterday at Kirkpatrick's and that Miss Goodrich would make the news of her betrothal public.

Goodwin would make neither a denial nor an affirmation last night. He is at the Plaza and in the afternoon is busy rehearsing at Waldorf's in "Camelot Kirby." When seen shortly after he had left the theater, he said:

"Nothing to say now. If I did every-

body would know it."

Elsewhere it was learned that Goodwin had told his most intimate friends that if he were ever to marry Miss Goodrich she would be the one to break the secret. Miss Goodrich could not be found last night, though it was ascertained that she took dinner with her fiancé.

On the preceding night the couple attended the performance of "Samson" at the Criterion Theater, afterwards dining at the Hotel Knickerbocker. It was reported they had planned to retreat to some out of the way village, where the marriage might be performed without ostentation or publicity. November 16 Goodwin will appear in the initial performance of "Camelot Kirby" in Columbus, O.

NAT IS PERSISTENT.

It was learned last night that Miss Goodrich had become interested financially in various mining properties which Goodwin is exploiting in Nevada. She has told her friends that she believes Nat is bound to be rich, because he is as persistent in mining as in love making.

One of Miss Goodrich's investments in "Goodwin's securities" consists of 1000 shares of Rawhide Coalition.

man street, Alameda, for one year, where they expect to entertain this coming winter in the hospitable manner of previous seasons. Mrs. Bishop and Master Harry Walton Jr. are expected home next week from the East Bay Sanatorium. Master Harry is said to be a handsome little fellow, closely resembling his father.

RETURNED FROM EAST.

Mrs. Egbert Stone has returned from New York, where she went to place her daughters, the Misses Harriet and Marion, in one of the exclusive Eastern finishing schools. Mrs. Stone, after placing her daughters, visited several of the large Eastern cities. She is being very cordially welcomed by her many friends upon her return.

TALENTED GUEST.

Mr. and Mrs. W. H. Uridge have a very charming Eastern guest, Mme. Louise Brehany, of New York. Mme. Brehany is an artist in the musical world and very beautiful. She is to sing at the wedding of Miss Katherine Brown this evening, which will be an unexpected pleasure for all those present.

RETURNED FROM NORTH.

Mrs. Leon Hall returned on Monday from Stokely county, where she has been the guest of her mother for two weeks. The scenery in this county is beautiful at this season of the year. Two days of last week Mt. Shasta was completely covered with snow, which combined with the rich coloring of the foliage made a most brilliant picture.

ARRIVED IN NEW YORK.

Miss Christie Taft and Miss Edith Selby have arrived in New York and are devoting their time to the study of French, in which they are both proficient students.

IOWANS TO HOLD PICNIC SATURDAY

Association Will Enjoy Outing and Perfect Permanent Association.

BERKELEY, Nov. 5.—The Bay Cities Iowa Association will hold its annual picnic in Piedmont Park on Saturday next. A. W. Naylor will be chairman of the day, and Rev. L. N. McCaslin, pastor of the First Christian Church, will be the principal speaker. There will be vocal numbers by H. C. Parkinson and a male quartet.

Following the social side of the affair, there will be permanent organization of the society effected, the present officers—President A. W. Naylor and Secretary H. C. Parkinson—having been elected at a meeting some months ago for preliminary organization.

The society is the first organization of the former residents of Iowa in the northern part of the State. Any native of Iowa or any person who formerly resided in that State and now lives in any of the cities or towns about the bay, is eligible to membership.

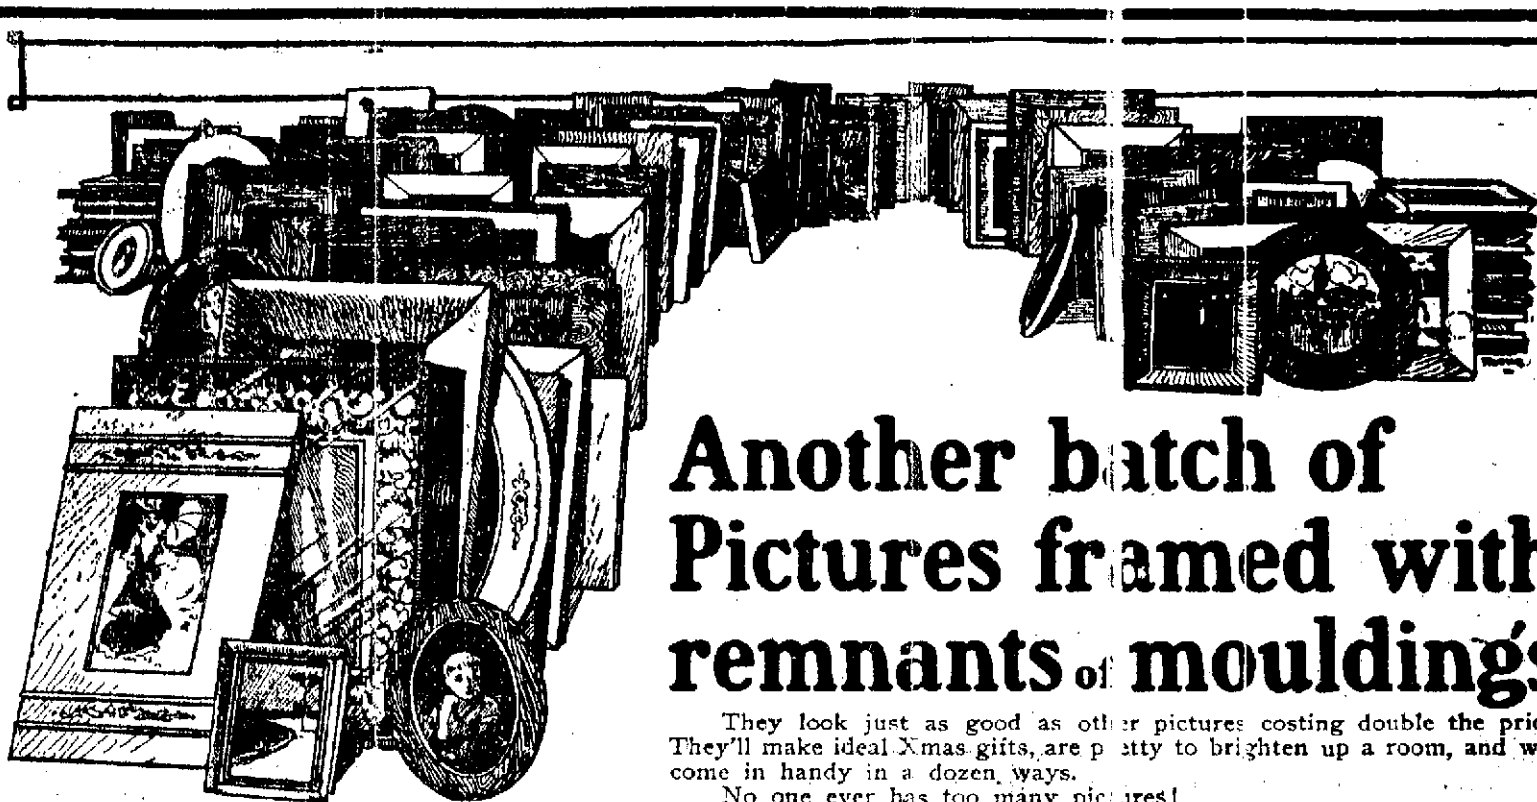

RETURNS INCOMPLETE.

ST. JOHNS, N. F., Nov. 4.—Returns from the general election in New Found-

A FEW OF THE PICTURES TO BE SHOWN FOR THE FIRST TIME TOMORROW ARE WORTH DOUBLE THE PRICE EVEN WITHOUT THE FRAME.

The frames cost us practically nothing—the work of putting them together was accomplished during otherwise leisure hours. Some of the pictures which we have framed were furnished by artists who desiring their work advertised have furnished their pictures for a great deal less than the work is worth.

Other prints and litho photos were purchased at a tremendous discount at a sale in the East. It's all your gain.

CHEAPER TO BUY THESE FRAMED PICTURES THAN IT WOULD BE TO BUY ORDINARY UNFRAMED PRINTS AND PAINTINGS.

We had on hand hundreds of pictures, accumulated in various ways, which we have framed with remnants of mouldings. Some of the combinations are very beautiful—some extremely artistic.

If you want to get a real bargain by all means see these pictures, for you will find that many of them can be purchased all framed for less than ordinary unframed pictures would cost.

FILIPINO FACTORIES EDITORS JAILED RESUMING WORK

U. S. Fleet Squadron Is Now Target Practicing at Olongapo—Cholera Rapidly Decreasing.

MANILA, Nov. 5.—The manager and managing editor and other editors of "El Remediente," the leading Filipino daily newspaper of this city, were today placed under arrest on charges of criminal libel, preferred by Commissioner Dean C. Worcester of the Philippine Commission. Worcester affirms in his complaint that he has been assailed politically and professionally by articles appearing in the paper and that his personal character has also been the object of libelous utterances.

TARGET PRACTICE.

The Atlantic battleship fleet, first squadron, is still carrying on target practice at Olongapo, where both full-caliber and sub-caliber ammunition is being used in testing the marksmanship of the crews. The second squadron, commanded by Rear Admiral Emory, is due to arrive at Olongapo on Nov. 7th, and the entire fleet will re-assemble in Manila bay on November 15th. Target practice by the entire fleet will then be commenced and a struggle for supremacy in marksmanship with the big guns is expected between the various crews.

STRIKES TABOONED.

In order to discourage the continuance of the many strikes in the public schools of the island, which have been marred by the work of the institutions for some time past, the director of the educational board has issued an order that in future no leniency will be

Stocks Being Sold and Idle Men go to Work as Result of the Recent Republican Landslide.

(Special to The Tribune.)

WASHINGTON, Nov. 5.—From every industrial center of the country telegrams are being sent announcing the resumption of work in big mills and a general advancement in business enterprises all along the line. The sensational advancement on Wall street in the steel stock yesterday was extremely pleasing to the administration. It is now known that the advance is due to the many orders for thousands of tons of steel rails, covering an amount of more than a million dollars, sent to the different mills.

In Wall street all securities advanced and the largest sales of months were made in bonds. All the foreign exchanges were active as soon as it was definitely known that Taft was elected. The Union Pacific, Southern Pacific and other Harriman stocks reached the highest price since the big slump.

The Pennsylvania railroad issued an order in Pittsburgh to have every man and boy possible placed at work in the repair shops to get the rundown rolling stock, which had been sidetracked for months, in shape for usage. President Bartley of the American Nut and Bolt factory in Pittsburgh, gave his 800 workmen notice of a twenty per cent raise.

Two of the largest thread mills in the country located in Newark, New Jersey, notified their 5000 operatives that, beginning Monday, they would work full time. A big plate glass company in St. Louis gave notice yesterday that 20,000 idle men would at once be put to work.

CHOLERA DECREASES.

The cholera situation in this city appears to be well under control, as the result of the incessant campaign carried on by the health department. The number of new cases reported daily is now reduced to an average of two.

WEALTHY WIFE IS SUED FOR DIVORCE

Cousin of Former Governor Markham Seeks Separation on Ground of Desertion.

SAN FRANCISCO, Nov. 5.—Monroe Markham, cousin of former Governor Markham and husband of one of the wealthiest women in Los Angeles, has sued for divorce on the ground of desertion. The complaint, which was prepared in the offices of Bourdett & Egan, was filed in the Superior Court yesterday.

The pleadings merely set up that Markham and the defendant were married in Venice in 1898, and that she deserted him in October, 1907. The couple have an eight-year-old son.

Markham has dealt extensively in mines and mining machinery, and left Los Angeles about a year ago.

his residence in this city. His wife, who is said to be worth about a quarter of a million dollars, refused to leave the southern part of the state for San Francisco and so her husband has decided to get a decree of separation.

WANT DUKE D'ABRUZZI'S MARRIAGE CONFIRMED

ROME, Nov. 5.—The "Tribuna," a government organ, in an article on the marriage of the Duke d'Abruzzi, says that the majority of Italians, while preferring that the Duke should marry a royal princess do not deny that he should follow the dictates of his own heart, but they demand that the question of his marriage to Miss Elina be officially confirmed or denied, thus putting an end to the fuel-fires of the American newspapers, which deeply wound the Italian sensibilities and may result in a reaction in public opinion.

Danderine

Grows Hair
and we can
PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes to subscribers, as follows:

"When I began using Danderine my hair would not come in any abundance and now it is away below my hips."

Another from Newark, N. J.

"I had been using Danderine regularly when I first applied to use it and very soon the hair, now I have the most beautiful hair and thick hair again, and I want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all the other hair preparations in the world combined.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the
DANDERINE MANUFACTURING CO., CHICAGO, ILL., with their name and address and the name of the druggist to whom they wish to order.

She Was Past Three Score, but She Got Divorce

DENVER, Nov. 4. — She was well past the three score mark, but it made no difference. She wanted a divorce, and wanted it badly. She got it, too. She threw the county court into a sensation, but that didn't matter; she scored her point.

All age records were broken in the local courts when Mrs. Lydia Davis secured a divorce from Robert Davis, a coal miner. Though old in years, she was not quite so aged in spirits. Tauntfully she mounted the stand and in a coy, but brutal manner told of her domestic troubles.

"Where were you married?" asked Attorney E. C. Hillard, counsel for Mrs. Davis.

"In Boulder."

"When?" was the next question.

"November 14, 1904."

She said that her husband was a drunken, cruel man. She admitted that he did not drink to excess before marriage, but afterward he was "loaded" most of the time. During those times he invariably mistreated her. On one occasion he struck at her with a hammer.

"If I hadn't dodged, he'd have killed me," she added.

SPAT OF THE HAWLEYS BARES FAMILY SKELETON

NEW YORK, Nov. 4. — The family quarrel between William and Alan Hawley and their sister, now Mrs. Charles Levee, which has taken the form of a suit to recover \$34,400 brought by the brothers against their sister, resulted yesterday in the airing of a family skeleton in the Hawley case. It was brought out in the Supreme Court, before Justice Brainerd and jury, where the suit is being tried, that in 1884 Alan Hawley was in Ludlow street jail because he had failed to pay a judgment against him in a breach of promise suit. Hawley then was twenty years old and both the brothers still are bachelors.

SUE THEIR SISTER.

It was after Miss Hawley eloped with Charles Levee, a French aeronaut whom Alan Hawley had invited

over here from Paris and entertained as a guest in the Hawley home, at No. 22 East Seventy-sixth street, that the brothers sued their sister for \$34,400, for money alleged to have been lent. She denied she had borrowed the money and insisted that she received it for household expenses. The entire proceeding yesterday was devoted to the cross-examination of Alan Hawley.

"Your original claim against your sister was for \$74,000, was it not?" the attorney for the sister asked.

"It was," the witness replied.

"Now, wasn't this money given to her for household expenses?"

"\$3000 A MONTH."

"It was money for which she was to account to my brother and to me. It is alleged to think she could have spent money at the rate of \$3000 a month for three of us."

"Why, didn't you have cab bills that ran up to \$400 or \$500?"

"Yes, I had cab bills."

"And flower bills?"

"Yes, large ones, but I never saw the flowers."

The defense tried to bring out that Hawley and his brother began their suit after their sister had made demands on them for an accounting of their brokerage business. She asserts she has a third interest in the business, having advanced the money with which they started it. Hawley denied his sister had advanced money for the business. He said he and his brother had started the brokerage house on a "shootings" and that the small amount of capital they had put into it was their own. Hawley was asked whether he and his brother had not agreed that, in consideration of his mother, now dead, advancing sufficient money to get him out of Ludlow street jail, the sister was to have a third interest in the brokerage business. The witness denied there was such an agreement.

OPENED SAFE.

It was brought out also that, after Miss Hawley eloped with the aeronaut, the brothers had caused a safe in their home to be opened that they might obtain promissory notes. Hawley said he had the safe opened to find out whether property belonging to him and his brother was in it. Letters from the sister to her brothers were placed in evidence. In these letters the sister asked the forgiveness of her brothers for having eloped with Levee.

WHERE HUSBAND OBEYS HIS WIFE

The Dutch woman of South Africa is the head of her family and must be obeyed by husband as well as children. She marries very young and has a large family. The women of the cities are very different, having a good education, and when she finally in Europe she is a most attractive creature, with great capacity for enjoyment. She is likely to be musical, but not literary, as the Dutch of that country have not reached that phase of development. The women of South Africa are very much taller than the women of Holland, and the city-bred girl is generally slender and rather pretty, which the Dutch woman never is, being fat and ungainly at 50.

Irish women seem to be ahead of their American sisters in some respects, as Miss Mrs. Richmond is manager of the Magazine and works in Dublin. She is considered the best gas expert in Ireland, and is the first woman to hold such a post. She began in the postal service and afterward studied the subject of gas in all its ramifications.

CRUEL HUSBAND TELLS COURT THAT HIS WIFE MISBEHAVED

DENVER, Nov. 5. — Peeked through the blinds and saw his wife seated on the lap of a strange man.

Saw her on another occasion coming out of a downtown restaurant at an early hour in the morning in company with a man.

Asserts wife and stranger occupied same apartment in rooming house half hour later.

Every man's own detective was the maxim pursued by Walter E. Briggs when his wife notified him that she was going to institute proceedings for a divorce, and the things he learned while he was making a noise like Sherlock Holmes he has incorporated in detail in his answer and cross-complaint to the suit begun a month ago by Minnie Emily Briggs in the district court.

Mrs. Briggs based her action on charges of cruelty, the exact nature of which was not explained in her complaint.

Briggs is more explicit. When he was served with the summons in the case, Briggs was not very much surprised, as his wife had told him on several occasions that it was her intention to obtain a divorce. But he had no desire to bear the burden of guilt alone, so he determined to watch the movements of his wife, whom, he says, he had suspected of wrong doing for some time previous to the filing of the divorce action.

His sleuthing resulted in his locating Mrs. Briggs, as he says, in environments which were rather improper, to say the least. The night that he saw her in the restaurant, he alleges he followed her and her male companion and saw them enter a rooming house near Fifteenth and Curtis streets.

Briggs and his wife were married in St. Louis, March 20, 1889. There are no children.

Oh, my daughter, marvel not that a married man taketh a keener interest in his flirtations than a single man. For it is only those things which he ought not to do which tempt a man—even for a moment.

And the knowledge that he hath a perfect right to make love to a woman taketh the edge of the game. For no man discovereth how attractive women are in general until he hath tied himself to one woman in particular. And a girl from whom a man would flee in his bachelor days, unto her will he rush after marriage as the icicle to the fire or the violet to the sun.

Yes, a single man may be trusted to the uttermost parts of the earth, but a husband with a grievance is as low as a search of the fire, and may not be trusted a quarter of an inch.

And what married man thinketh not that he hath a grievance against his wife, if it be only that she hath married him and robbed him of his freedom?

For a man is like unto the family cat; he accepteth without comment his three meals per day but he never Joseph his longing to prow abroad nights, and thou canst not tell at what moment he may hearken to the call of the wild. Yes, as if not just when thou thinkest it safe to go upon a long vacation, even to see thy mother, that thou comest suddenly upon a pink note or a violet slipper in his valise?

Verily when matrimony seemeth to be running along on oiled wheels, it is then that thou hearest a creak, and a spoke flieth out. Selah!

The New York Girl--No. 4

By Maurice Ketter.

For our long work day,
For the taxes we pay,
For the laws we obey,
We want something to say.

NEW YORK, Nov. 4.—Half a dozen boys of the thousand idler who gathered to see the fun were privileged to hear that poetic gem from the lips of Mary Coleman in City Hall Park yesterday afternoon, and were duly impressed to learn it was the slogan of the Suffragettes, whose leaders appeared in force at the city hall at 3 o'clock for the hearing of the mayor in his office. The odd 930 of the crowd were too busy boozing or indulging in satirical comments to listen to the gem of rhyme.

Mayor McClellan was uneasy in his chair many a time when the recount of votes was in progress and he did not know whether the seat was his. But previous scores were nothing to the one that seized him yesterday when he heard the suffragettes really were coming down to see him. The suffragettes applied to the Park Commissioner for a permit to speak in City Hall Park, and met a refusal. They bore themselves in patience until they heard Bryan had addressed an open-air meeting from the steps of the city hall at 3 o'clock in the morning. Then they decided to find out why Bryan got a privilege that was denied to them.

LUNGS LIKE BRYAN.

Many of the suffragette leaders believed that for their inches, their lungs were fully as good as Bryan's. So yesterday they had five nice taxicabs and came down town to "put it up to" the mayor. The taxicabs were finished in red, and furnished an excellent background for the well-chosen costumes of the suffragettes, and when the drivers halted at the rear entrance to the city hall, and the occupants stepped out and stalked up the steps, it looked as if nothing could stand against them.

The crowd, which gathered quickly, evidently was of the same opinion, for it poured in from all sides to see McClellan drawn, like a badger, from his hole. But the mayor had become wise in time. As Mrs. Sophie Loebinger's big blue hat, topped her black silk coat and blue and yellow plaid skirt, came into the corridors of the city hall, the hat was met by Lieutenant Kennell of the city hall squad, who halted the advance.

"We want to call on the mayor," said Mrs. Loebinger from under the hat.

"I am sorry, ladies," said Kennell, "but if you want to see the mayor you will have to write a letter and make an appointment. The mayor is busy today—very busy. He will be busy all the week; probably next week, too."

RESISTED TRIUMPH. Trixie Priganza, actress, tried her charms on Kennell, but he was reinforced in time by Inspector Schmitt.

WOMEN PASS AS POSTAL CLERKS

Three women were among the eighty-nine applicants who recently took the examination for postal clerks at Buffalo. The highest grade, 89.70, was attained by Miss Mary Pfann. One hundred per cent of the women applicants were successful, while only 53 per cent of the men passed.

HOSPITAL STAFF ALL WOMEN.

Berlin has the distinction of having a hospital whose entire staff is composed of women. The hospital, as one might expect, is the outgrowth of a feminine mind. There is a similar institution in Savannah—the Telfair Hospital. Miss Mary Telfair left a fund sufficient to endow this institution, which has now upward of fifty beds.

ly followed the women thither. The police kept a clear space around the stopladder the suffragettes thoughtfully brought with them to serve as a platform, but even the police were powerless to make the crowd listen. Mrs. Loebinger's voice was drowned in a continuous uproar, and Mrs. Oliver Pierce had no better luck. Trixie Priganza made no kind of a hit until she stepped down from the ladder, kissing her hand to the crowd in the most approved theatrical style, and Miss Coleman was the target of so many expressions of approval or scorn and general appearance that she also had to retire unheard. At last the taxicabs started on their homeward procession uptown, and the park idlers altered away.

Will Be Second Lady at the White House

MRS. JAMES S. SHERMAN, WIFE OF THE REPUBLICAN NOMINEE FOR VICE-PRESIDENT.

WOMEN FAVOR PEACE.

Eda Husted Harper says that while the many women of the international council were in favor of peace the subject could not be discussed, as Europeans are so wedded to the idea of a large army. At Geneva it was brought out that the president of the Denmark council is giving most of her time to organizing women's associations for raising money to fortify the country and in Sweden one branch of the council relates to national defense.

WOMAN ELECTED AS AN ALDERMAN

Mrs. H. P. Gates has just been elected one of the six aldermen of Macon, Tenn. For several years she has taken an active interest in the educational work of her town and wanted to be elected alderman because it would help her in this work. She is reported to have made about the most aggressive campaign ever witnessed in Macon, if not in Tennessee. The town people seemed pleased with her election and even those who voted against her believe she will make a first-class alderman.

TRIO THOUGHT DEAD HAD MERRY TIME

Hunting Party, "Lost in Snow," Were Entertained in Ranch House.

DENVER, Nov. 4.—The joke is on the folks who stayed at home. While anxious relatives and friends were worried to distraction over the mysterious absence of Mr. and Mrs. Harry Huffman and Miss Minnie Golbard that party was enjoying the utmost hospitality at a ranch house on Pecosance creek in Rio Blanco county, and having nightly barn dances that set the blood a-tingling and made the pleasures of city life pale into insignificance.

Mr. and Mrs. Huffman returned

last night after an absence of two weeks and one day. For ten days of that time there was not a word from them and relatives in Denver, sure that they had been lost in the snow among the Flat Tops, were sending messages to every point in the vicinity which could be reached by telegraph.

"The only actual hardships though, was suffered by the hunters who were forced to hunt in the snow. We had a comfortable place to stay and plenty to eat," said Mr. Huffman.

WIFE TRICKED IN DIVORCE SUIT

DENVER, Nov. 4.—Sensational developments are expected when the motion to set aside the stipulation entered into between Mrs. May McKay and William H. Harrison McKay, filed in the county court two weeks ago, and which requested the dismissal of the divorce action which the wife had brought on the ground of cruelty is heard.

Attorneys for Mrs. McKay set aside the stipulation and stated that last a settlement had been entered into without the knowledge of their

client and that there had been no reconciliation between the couple. Serious charges are looked for when the witnesses are placed upon the stand and interrogated as to the manner in which the stipulation was secured. It is asserted by Mrs. McKay that she was induced to sign a paper, the nature of which was unknown to her, and that she did not realize that she had agreed to the dismissal of her own case until several days after her signature had been obtained.

CHILD ABUSE ALLEGED.

The allegations contained in the complaint that Mrs. McKay filed in connection with her desire for a legal annulment of her marriage were of a most unusual character. She alleges that her husband had often taken her two-year-old son, Ernest McKay, to saloons and had there given the little fellow whiskey with the result that the baby was often brought home in an intoxicated condition. The result of the frequent positions on the part of the child caused him to cry lustily whenever he happened to cast his eye on a whiskey bottle, which seemed to appeal to him more strongly than a nursing bottle ever had previously.

The cruelty complained of by Mrs. McKay, she says, consisted of her husband choking her and threatening to kill her.

TEXT OF "STIPULATION."

The couple were married in Denver, September 18, 1904.

The alleged stipulation which the court has been asked to set aside, which Mrs. McKay denies having signed is as follows:

"We, the undersigned, would respectfully represent that we feel now that we can best settle our differences out of court and save our limited means for the support and education of our child. Wherefore we ask that our case be dismissed."

"MAY MCKAY."
"W. H. MCKAY."

COOK VALUES HIS WIFE AT \$50,000

NEW YORK, Nov. 4.—Fifty Little Marie, who has a "corner" shop at No. 327 Madison avenue, is valued at \$50,000 by her husband. In ordinary life Marie is known as Mrs. Schwartz, and is the wife of John Schwartz, a chef at the Bellevue House, Four and Eighteenth street, who is a fish dealer, at No. 808 Park avenue, just a block away from Marie's shop, for \$50,000, alleges his wife's affection.

It appears in the complaint that the name of Schwartz belonged to Marie before she was married. The complaint alleges he married "Schwartz" on or about March 10, 1906.

They lived happily until December,

1907, Schwartz alleges, when the defendant Schwartz "wrongfully contriving, and intending to injure the plaintiff, maliciously enticed" his wife away from him to diverse public resorts and hotels. Schwartz charges Schwartz with maintaining improper relations with his wife, Marie. Marie declared yesterday she was surprised to hear of her husband's action, she said:

"I give you my word I know nothing about it. Fifty thousand dollars! Gracious! I didn't know he valued me so highly. It is easy to say so much but nothing thing to get it."

Max Steuer, of No. 115 Broadway, counsel for the defendant, said: "We shall make a general denial of all the allegations. The charges are absurd."

Bride Had Platform Built in Chestnuts for the Ceremony.

PHILADELPHIA, Nov. 5.—A wedding among trottoirs was celebrated yesterday by the steady down-pour of rain, and the pair who had planned the unique event had to be carried in the front parlor, in the most old-fashioned way.

Miss Lillie M. Sanford, a debutante, a resident of the city, planned the ceremony, and Harold LeRoy Fountain, the bridegroom-elect, was with the idea.

Four sturdy chestnut trees offered a splendid place. About fifty feet from the ground a platform was built. Long ladders afforded a means of ascent. The platform would be a down-pours, and other were supposed to view the ceremony from surrounding trees or the ground.

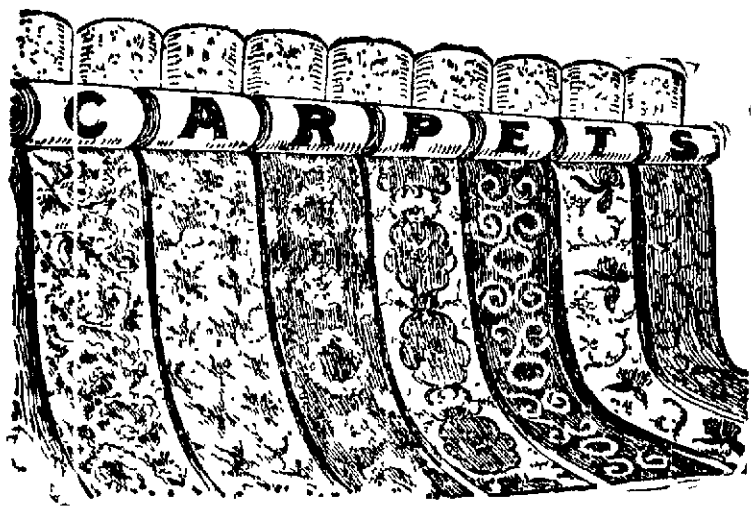

The wedding was set for 10 o'clock. The Rev. H. L. Newkirk, of the Avenue Baptist Church, was the officiating minister, and the bride and groom were the guests.

Miss Sanford declared she married in the trees, despite the rain, but the rain, but just as it began to pour. The bridegroom-to-be and a friend were the witnesses. Their report was

CELEBRATES HER 104TH BIRTHDAY

Mrs. Hannah Bursall of Skillington, England, recently celebrated her 104th birthday. She is enjoying excellent health. At a recent meeting of her descendants over one hundred were present. Her eyesight is good, and she can work well with the aid of spectacles. In the morning, for the sake of exercise, she digs in the garden and tends her favorite flowers. She attributes her long life to the fact that she has a good constitution and to the rule of her life always to try to keep cheerful and avoid needless worry.

SWITCH ENGINE HITS HEARSE CARRYING BOY

CHICAGO, Nov. 5.—A funeral carriage containing the body of a young boy that was being taken to Holy Cross cemetery West Pullman was struck and demolished yesterday by a Pennsylvania switch engine. The mother of the dead boy, Mrs. Mary Andrew-Jewsky, was seriously injured. She clung to the coffin, and rescuers found her unconscious after the collision. Mrs. Annie Lewandowski was also injured as was Magdalena Kowski and an unknown four-year-old girl. The driver of the carriage escaped injury by leaping from his seat.

STRIKEBREAKERS WRECK TAXICAB

Assault Driver and Run Machine Over High Precipice on Shore of East River.

NEW YORK, Nov. 5.—After assaulting the strike-breaking chauffeur of a taxicab last evening three men stole the cab and driving at full speed down Sixth street run it over a forty-foot precipice, wrecking the machine and its pair.

Sixth street ends in a bluff which falls away steeply to a bit of beach on the edge of the East river, forty feet below the street level. Witnesses of the affair say that the machine was running rapidly down the street.

The chauffeur, however, it is said, stuck to his post, until the machine reached the very edge of the precipice, when he jumped also. The machine fell to the beach below, where it remains a mass of twisted iron and splintered wood.

It was after the police had been notified of these facts by witnesses that Charles Zeldel, a strike-breaking chauffeur, reported that he had been threatened by three men in Sixty-fifth street and his machine stolen. The police believe that the assault and the destruction of the machine were the work of strike sympathizers.

Roosevelt Will Carry on Movement for Industrial Democracy Through Columns of Outlook.

NEW YORK, Nov. 5.—In its issue of next Saturday the Outlook will confirm the published report that President Roosevelt will become associated with that publication after his retirement from office. According to the announcement, he will be associated with the editorial staff on the Outlook after March 5, as special contributing editor.

Among other things the article says: "As the beginning of the nineteenth century was characterized by the movement toward political democracy so the beginning of the twentieth century was characterized by a movement toward industrial democracy. In this world movement Theodore Roosevelt has been recognized as a world leader. No one who knows him has believed that his leadership would cease with his retirement from the presidency."

CONGRATULATE READERS.
We congratulate ourselves and our readers that this leadership exercised for the past seven years in presidential letters will be exercised in the future through the columns of the Outlook.

Mr. Roosevelt will be more than a mere contributor. His headquarters will be at the Outlook office and he will be in frequent and close contact with its staff. His position will thus be somewhat analogous to that of a consulting engineer who is called in to give the benefit of his expert opinion to the staff of engineers in charge of a great undertaking like the Panama Canal. But the editorial staff of the Outlook will remain unchanged. Mr. Roosevelt's contributions, though editorial in their nature, will be signed by his name and will be absolutely free and unmodified expressions of his personal convictions.

TO HAVE EXHIBIT IN LOS ANGELES

Alameda County Will Show Its Products in Southern Chamber of Commerce Rooms.

The Alameda County Promotion Committee consisting of Theodore Gier, president, and William Walker, secretary, have made an arrangement to establish an Alameda County exhibit in the Los Angeles Chamber of Commerce.

Secretary Walker leaves tonight to complete arrangements for the installation of the exhibit. During several years past the Alameda County Promotion Committee has endeavored to secure a suitable place in Los Angeles in which to exhibit the diversified products of Alameda county but without success. Finally Secretary Walker made arrangements with the Los Angeles Chamber of Commerce for space in which to install an elaborate Alameda county exhibit.

The exhibit from the county will consist of the agricultural products, samples of goods manufactured here, and literature describing the commercial and residential possibilities of the county.

The Los Angeles Chamber of Commerce has a fine exhibit from all the southern counties and when Alameda county exhibit is installed this will be the only Central California county represented.

The far-reaching importance of this exhibit can hardly be over-estimated as hitherto the Los Angeles Chamber of Commerce boasted only the southern counties. The installation of an exhibit from Alameda county which will be seen by all the tourists visiting the city, will advertise this county to a great extent.

HURLED AGAINST A BIG BRICK CHIMNEY

Boy Below Him Accidentally Struck by Falling Brick and Will Probably Die From Injuries.

PRINCETON, Ill., Nov. 5.—Professor Peter Kramer of St. Louis was dashed against the chimney of the Methodist Church and killed here yesterday while making a balloon ascension at the Farmers' Carnival. Glenn Hayden, a 7-year-old boy, who was standing near the church, was struck by a brick falling from the chimney which was wrecked by the balloon. His skull fractured and he may die. A strong wind was blowing and efforts were made to persuade the aeronaut not to attempt an ascension. In reply he said: "I will make the jump today if I break my neck doing it."

Those were the last words he spoke as he left the earth. When the ropes were loosened the balloon shot upward and before Prof. Kramer could unfasten the rope which held his parachute to the balloon he was hurled against the church chimney. His chest was crushed by the blow.

The balloon bounded along on the roof until it collided with the steeple, dragging the unconscious balloonist after it.

The rope which held the balloonist then broke and he fell to the foot of the church, rolled to the edge and was plunged to the ground thirty feet below.

SAYS PARTY WILL PUT UP BIG FIGHT IN 1912

SPRINGFIELD, Mass., Nov. 5.—Timothy L. Hagen, Independent party candidate for the presidency issued a statement yesterday in which he said: "During the next four years political organizations that we could have had in this campaign if time had permitted, will be completed and in 1912 the Independence party will be in position to strongly contest for the electoral vote of many of the states in the Union."

92 VESSELS BUILT.
WASHINGTON, Nov. 5.—The monthly shipbuilding returns from the bureau of navigation of the Department of Commerce and Labor show that 92 sail and steam vessels having a gross tonnage of 5,100 were built in the United States and officially numbered during the past month of these but one was built of steel.

There's Just One Woman

we want this advertisement to reach. She is the woman who last Fall bought the number of yards of goods indicated on the envelope of a well-known pattern as necessary for that garment. When she came to cut it she spent half a day trying to lay it out and then found it required at least another yard of goods at one dollar a yard.

We have a message for that woman. With each Pictorial Review Pattern there is given a Cutting and a Construction Guide which will show her how to lay out her pattern on the goods in three minutes with absolutely no possibility of error or waste. And it will require only the number of yards of material stated on the envelope—positively not an inch more. We want that woman to go to our agency in this city and find out all about these facts. COLLEGE PLAY AT LIBERTY WELL PRODUCED

Large Audiences See "Brown of Harvard," Which Portrays Life at University.

The Bishop Players are appearing at the Liberty this week in a play entirely different from anything they have previously attempted. The play is "Brown of Harvard," the best of the many college plays seen here lately. It is a long time since the Liberty company has been seen to better advantage than it is in "Brown of Harvard" for each member of the company seems to be fitted with a role that dovetails with personality.

The play is a series of interesting pictures and scenes at the famous Harvard college, and nearly all of the characters are students there. The author, Rida Johnson Young, who wrote the "Boys of Company 'B,'" has succeeded in blending an entertaining little story of love and adventure amongst these scenes. There is something doing every minute for the action is enthralling.

PLAYERS WELL CAST.

Laniers Stevens has the role of Tom, a young collegian here that best things he has done. D. L. Bennison, George Hurley, Walter Catlett, Liner also act the college man's part, and Henry Morse as the Varsity star.

The women of the company are a great deal to do but L. George Cooper, Lillian Ward and Rose Cook must of their roles. The splendid manly of extra people has been drilled on State Manager.

BAT NELSON MAY MEET M'FARLAND IN FEBRUARY

Indications Point to Long Fight Between the Two on Washington's Birthday; Ketchel Moves Into Training Quarters Today.

By EDDIE SMITH.

THE Nelson-McFarland feud is becoming a very serious matter and is fast ripening to a head and unless the men are kept apart it will not be long before the two will mix up in an encounter in which the championship will not be decided but where the winner will get satisfaction that will suit him almost as well as the championship.

Harry Gilmore, Packey and Bat met yesterday in New York and after the exchange of personalities between the three for a short time Packey offered to take the day on in a private contest for a side bet of \$5000 and Gilmore quickly offered to make the amount. Of course all concerned knew that such a thing was improbable and the last thing in the world that either would do to fight without a big gate receipt, so the Battler quickly agreed to accept the terms and then the usual good friend of the pair heroically stepped between them and in a dramatic manner rebuffed both for being so foolish and advised that they get together in a regulation manner and have it out for the championship with the proper authorities having the contest in their charge and with a referee to decide the championship along with the long end of the purse.

BAT READY IN FEBRUARY.
The conflict between the three did not amount to much, but the Dane incidentally let fall the information that he would be ready to fight in February, and if you are keeping close watch on things that are going on this will mean that Battling Nelson and Packey McFarland will meet in the ring in a twenty-five-round contest at the Mission Street Arena on Washington's Birthday. There is nothing at all about that statement and "Old" Jim Coffey is just a bit too foxy to let anyone in he has any hope of landing such a contest, but a little bird has been whispering about and it looks likely that the two great fighters will meet on the birthday of the great Washington.

A dispatch from Denver announces that McFarland and Fighting Dick Hyland are to meet in a twenty-round contest in the Colorado city. This statement can hardly be believed, however, for the authorities there are not against boxing and if any contest was to be pulled off there it would have to be a ten-round one.

KETCHEL MOVES TO QUARTERS.
Stanley Ketchel will move to his Alameda training quarters today and the light preliminary exercise of the training will be started. Ketchel is doing very real work until Monday, however, at which time he will open up with his usual vigorous activities and the extra weight that he is carrying will soon begin to disappear. Ketchel is already at his training a day, according to all reports, and will soon begin to get a line on the condition and work of the fighters and the betting men will begin to make their wagers.

As it is the Illinois fighter has been installed a 10 to 8 favorite in the betting that has been done and last evening it was announced that Tom Corbett had a good deal of Puppie money to lay at that price.

KAUFMAN IS FAVORITE.
Al Kaufman has been made a big favorite over Tony Mustaine in their contest that is to be held next Tuesday evening at the Jeffries Athletic Club at Vernon. Kaufman certainly figures to be a big favorite in the wagering, for he is in the best of condition and should be able to beat all the Mustaine that one could pack into a ring. Billy Delaney, who Mustaine fight with, is very confident that Kaufman can beat him, but the foxy manager says that Mustaine has a very awkward style and that it may be hard for Kaufman to get at him. Mustaine has said time and again that Kaufman was made to order for him, but he may find things very different from what he expected when he is facing the big fellow that Delaney says will be the champion.

KELLY PREPARES TO TRAIN.
Hugo Kelly has made up his mind to start his training in plenty of time to enter the fight with the winner of the Ketchel-Packey contest, which is to take place at Los Angeles and has sent word to Frank (Molly) McGinnis to disappear. Kelly and McGinnis don't along very well in the training camp, so the Italian's manager, S. Ferretti, has asked the fat man to leave the charge of the training.

Just now the luckiest baseball manager, not wish to break his record for bringing home pennants.
Stockton will play Alameda Saturday and Sunday. It is nearly possible to forecast the results of the game, for with a prize like a pennant in view, it is a cinch that Moreing's men are going to handle the Rest. Caro team without gloves. And to follow up this hand-out from Alameda is the closing games of the season with either Oakland or San Francisco, neither of which teams dare to bar their teeth. Moreing may have had this all figured out when the schedule was made out, and it is a safe bet that it wasn't an accident. But accident or no, the game looks safe for the gulleible G's.

San Leandro Will Have League Team
SAN LEANDRO, Nov. 5.—Interest in being shown here for a 1909 baseball team is growing. It is nearly possible to forecast the results of the game, for with a prize like a pennant in view, it is a cinch that Moreing's men are going to handle the Rest. Caro team without gloves. And to follow up this hand-out from Alameda is the closing games of the season with either Oakland or San Francisco, neither of which teams dare to bar their teeth. CASSY REQUINES NAMED FOR CALIFORNIA STAKES

By LEE DEMIER.

Quality and not quantity is the noticeable feature in the list of nominations made for the big California Jockey Club stakes, as the decided during the winter meeting which will be held in at Williams Park this Saturday. As compared with the entry list of last season, there is a considerable falling off in the number of the honor horses, no doubt occasioned by the liberal entry of prospective candidates of superior class, which naturally has a tendency to frighten away off the smaller owner with his ever dangerous, lightly weighted selling player.

The list given out yesterday by Secretary Treat comprises the main events to be run this season, and consists of the Opening, Oakland, Thanksgiving, Santa Anita, Sacramento, California, New Year, Pollanabee, Lissak, Huma, Palms, Hotel Handicap, Crocker, selling stakes, Andromeda, California Derby and California Oaks.

To S. C. Hilditch falls the honor of having made the greatest number of individual nominations and it is safe to say that the big horseman will gather the majority of the jockeys. President T. H. Williams, Fred Cooke, F. A. Forrester, E. J. Baldwin, J. T. Schmitt, C. O. Kelly, J. H. Schmitt, J. T. Schmitt, and the Napa Stock Farm are among the owners whose horses are entered freely in the big events.

Lombard Meets Dalton

Harry Lombard, the sensational glove champion of Canada, and Kid Dalton, one of the cleverest of the younger set, appear on the card for the features of the Mayville boxing carnival tonight. The winner of the bout will be matched with Cleveland Johnson, Thompson. Lombard has made a sensational record in the ring. Out of 31 contests he has registered 31 victories, 2 draws and one defeat. Dalton's recent appearance at Mayville has been a success to anticipate a great fight. Lombard again tonight and Jack Gracie's champion should give the successful Canadian a good run.

**MRS. MACNEVIN IS

Massage.

SAN FRANCISCO, Nov. 8.—Decor-
ingly attired in a striped brown and bi-
green, with a suggestion of the diva's
toils about it, Mrs. Gertrude MacNeive

accompanied by her sister, Mrs. D. W. Haynes, and her counsel, Stephen Costello, appeared in Judge Graham's d

perment of the Superior Court yesterday to prosecute the case.

He was recently against William B. MacNevin, the wealthy real estate dealer.

The defendant did not appear in court yesterday, but his attorney, J. J. Bennett, said his default was entered, after which decries was given to the plaintiff.

ACQUITTAL ATTACK.

Mrs. MacNevin and her sister were at the trial, but declined and their testimony was not taken.

Many dealt only with the attack of MacNevin upon his wife, the details of which were fully set forth in the Herald of last week.

MacNevin was acquitted about the road house escape, when, it was stated, MacNevin found his wife in the company of a man.

He attacked her immediately upon her a-

U. S. FLEET LEAVES CHINA

STEAMS OUT OF AMOY
AMICST LONG CHEERS

Will Proceed to Island of Luzon
for Target Practice--Celestials
Spent One Million on
Reception.

AMOY, China, Nov. 5.—The second
squadron of the American battleship
fleet, which, under the command of
Rear Admiral Emory, has been in
Amoy since October 30, as the guest
of the government of China, brought
its visit to a close this morning
when at 8 o'clock it steamed out of
the harbor, bound for Olongapo, to
join the first squadron under Admiral
Sperry. The distance to Olongapo is
about 700 miles and the vessels should
reach there early on the morning of
November 8th.

The departing warships were given
a demonstration in marked contrast
to the apathy which was noticeable
on their arrival. The hills behind the
beach were black with people who had
assembled to view the spectacle, and
the firing of crackers continued for
one hour.

GLIDE OUT OF HARBOR.

Promptly at 7:30 o'clock signals
were made on board the flagship and
at 8 o'clock the entire squadron was
under way. After another the
ships glided slowly to their
positions and then together the entire
squadron steamed out of the harbor.
As the American vessels passed the
Chinese cruiser Fei Ying their crews
greeted the officials on board with
firing of guns and at the same time
the Chinese flag hoisted the American
flag beside the standard of China
and saluted the departing guests.
This salute was returned by the
American flagship.

COST ONE MILLION.

The cost of the reception has ex-
ceeded \$1,000,000. The Chinese gov-
ernment has been lavish in its gifts to
the American officers and men, and
the final function on shore last night,
the entertainment afforded by the
Chinese government was declared by
the Americans to have been with the
exception of Australia, second to none.
The Chinese are delighted with the
visit and they comment especially
upon the excellent deportment of the
American sailors.

The battleship Georgia, the flagship
of Admiral Emory, will leave the fleet
and go to Hong Kong, where Admiral
Emory will take a liner for home. The
flagship will be in Hong Kong for only
two hours. She will then continue
to Olongapo, on the island of Luzon,
and join the other vessels there.

TAFT GOOD MAN, SAYS PARKER

WANTED BRYAN FOR
PRESIDENT, HOWEVER

Declares That Democratic
Party Is Now United and
Will Fight for Honors Next
Time.

WASHINGTON, Nov. 5.—Judge
Alton B. Parker, Democratic nominee
for President in 1904, gave out a state-
ment to the Associated Press here last
night expressing his views on the re-
sult of the election as follows:

"While I believe that Judge Taft will
ably and conscientiously perform the
duties of the Presidency, I am never-
theless of the opinion that the election
of Bryan would have been far
better for the country.

"We need, to quote an oft-used ex-
pression, a change of measures and of
men," this including the enforcement of
existing law against its violators, in-
stead of prosecuting the latter's inno-
cent victims in the opinion of the gov-
ernment books by experts not afraid to
criticize; the practice of economy in
the expenditure of public funds, no
longer even promised by the Repub-
lican party; the revision of the tariff
by a substantial reduction of duties;
and the enactment of a Federal cor-
rupt practice act still more drastic
than the New York act.

"We shall continue to fall short of
our ideal of a government of the peo-
ple, by the people and for the people
so long as the money of those who
enjoy special privileges holds the bal-
ance of power. This factor the Rep-
ublican party will not eliminate, for
thereby it would commit suicide.

"Again, the trend toward Socialism,
unmistakable as it is among all
classes, is due in no small measure,
to the paternalism of the Republican
party in protecting and enriching the
favored few. From the existing evils
of dominant Republicanism and the
threatened evils of Socialism the care-
ful business man, the industrious la-
borer and the prudent producer must
all seek a shield and protector and
naturally must turn to the Democratic
party.

"While we are greatly disappointed,
we should not be discouraged. It is
apparent as we scrutinize the source
and volume of the support of the as-
sistant Republican parties, viz: the
Populist and Independence parties,
that the Democratic party must con-
tinue to be one of the two great par-
ties.

"IS UNITED PARTY."

"Now, for the first time in years,"
said Judge Parker in conclusion, "we
have a united party. Once again
there is a disposition among its mem-
bers to reason together and work to-
gether for the public good. We should,
therefore, congratulate Mr. Bryan and
ourselves on this improvement of the
general party conditions under his
leadership and set ourselves resolutely
to the strengthening of the party for
the contests of the future."

Outwit James D. Phelan and
Democrats, and Hurry Him
Off to Dinner in an
Automobile.

(Special to The Tribune.)

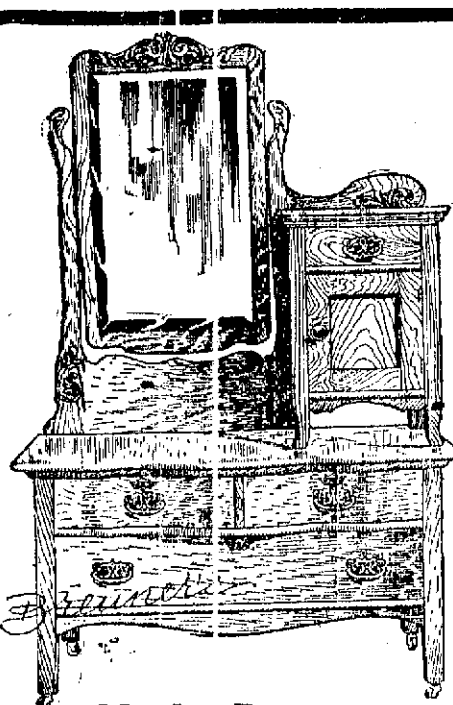

SAN FRANCISCO, Nov. 5.—The
members of the board of the
Kappa Alpha fraternity of Berkeley
are congratulating themselves on the
result of having outwitted James D.
Phelan and the working forces of the
Democratic party in Berkeley on
Monday night when they practically
kidnapped Captain Richmond E.
Hobson of Spanish war fame, and
took him to dinner at their attrac-
tive house, 2805 Durant avenue.

The story goes that the Captain
had just been making a speech and
was about to step into Phelan's wait-
ing automobile when the frat boys,
who had had the thing all planned,
swooped down suddenly upon him
and placed him in their machine
which had been run alongside the
other. Several of the Democratic
party who were nearby remonstrated
that the naval officer had taken his
seat in the wrong car, but with a
yeast of enthusiasm the college boys
dropped and during the dinner Cap-
tain Hobson expressed himself as
glad he had been rescued.

The toastmaster of the evening
was Dr. Charles Plinham, the well
known surgeon of this city, a mem-
ber of the alumni of Stanford Uni-
versity chapter.

MANY MORE ROBBERIES REPORTED

THIEVES ACTIVE IN
ALL CITY SECTIONS

Police Receive Reports of
Thefts But Do Not Appre-
hend Burglars--Various Ar-
ticles Stolen.

Burglars were active again yester-
day afternoon and last night, stealing
any article that came to hand from a
can of lard to a barber's pole.

C. C. Crum, of 1143 Magnolia street,
was the heaviest loser among those re-
porting thefts to the police today. Ac-
cording to his complaint a thief crawled
through a rear window of his home
and carried away a watch, a bottle of
whisky, a revolver and \$95 in gold
coin, which had been put for safe
keeping in a bureau drawer.

REGISTER LOOTED.
A. Murakami, proprietor of a Jap-
anese restaurant at 855 Webster street,
reports that burglars forced an en-
trance to his place of business during

the night and stole a number of aprons
and other linen goods and had almost
forced open the cash register, stealing
the contents, which consisted of small
change.

The activity of a lead pipe thief is
causing uneasiness, one more report
having been added to the already long
list, today. Mrs. E. M. Rand of 461
Twenty-sixth street reports that eight
feet of lead pipe leading to the drain
from the bath and wash tubs has been
stolen. The police are endeavoring to
determine what disposal is made of
stolen lead pipe.

TOOK BARBER POLE.

J. R. Perry of 1813 Telegraph ave-
nue complains that thieves last night
carried away a barber pole standing in
front of his shop.

Paul Martin of 517 Olive street,
Fruitvale, complains of the theft of a
quantity of carpenter's tools.

Olsen Brothers, grocers, report the
theft of a can of lard from one of their
stores.

A. H. Jones of 604 Fourteenth street;
W. J. Birmingham of 4401 Telegraph
avenue and F. A. Burgess of 588 Do-
lores street, San Francisco, report the
theft of their bicycles.

MELROSE, Nov. 5.—The M. A. C. foot-
ball team defeated the last Dewey team
by the score of 5 to 0. The game was
played at the end of the first half was
0 to 0 with the ball in possession of
Dewey in center field. The second half
opened with Dewey receiving the ball. It
was fumbled and an M. A. C. man
short and kick resulted in a touch down
for M. A. C. team of Melrose. Miller,
Abbott, Moss, August and Kullback of
Melrose played their usual good game.

HOW IS YOUR DIGESTION?

Mrs. Mary Dowling of No. 238 Eighth
avenue, San Francisco, recommends a
remedy for stomach troubles. She says:
"Gratitude for the wonderful effect of
Electric Bitters in a case of acute indig-
estion, prompts this testimonial. I
am fully convinced that for stomach
and liver troubles Electric Bitters is the
best remedy on the market today. This
great tonic and alterative medicine
invigorates the system, purifies the blood
and is especially helpful in all forms of
female weakness. 50c at Osgood Bros.

ELECTION STARTS FEUD

GAMBLER ASSAILS
BROTHER-IN-LAW

Wife of Card Man Urges Him
to Kill Sister's Husband,
Who Was Elected an Anti-
Gambling Assemblyman.

RENO, Nev. 5.—As the result of
an election quarrel Gene Pendergast,
a gambler, is in jail here charged
with attempting to kill his brother-
in-law, Wm. Lunsford, president of
the Typographical Union. Pender-
gast resented Lunsford's election
Tuesday to the State Assembly, and

driving to the Lunsford home last
night, entered through a rear door,
found Lunsford, accused him of being
an anti-gambler and started to beat
him over the head with a revolver.
In the fight the following Pender-
gast's wife arrived and urged the
men on to combat, while her sister,
Mrs. Lunsford, struggled to secure
the gun. Failing to do this she

rushed to a neighbor's and tele-
phoned the police.
Meantime Lunsford bested his as-
sailant and escaped to another room,
locked the door and secured his re-
volver. The police arrived to find
Lunsford holding fort in the dining
room, and Pendergast and wife held
fort in the kitchen, both with re-
volvers drawn. Pendergast was ar-
rested and taken to jail and will have
a hearing later in the week.

Imagination and Reality

One of the world's greatest
writers has said:

The gift of Imagination is one
salient factor in the struggle for
wealth, but alone it is useless—
the carbon, lacking the element
whose presence would transform
it into a magnificent gem. The edu-
cation necessary to transform
mind conceptions into visual real-
ities is the element necessary to
bring wealth to the dreamer.

That's it exactly.

You may think and resolve and
dream about opening a savings ac-
count, but until you come to us
and let your idea become a visual
reality you will accomplish nothing.

We're ready; it's up to you.

AND NOW FOR BUSINESS

Election's over—all the wheels that were silent
"waiting till after election" begin to hum—all the
plans delayed by an IF begin to go forward—we're
off again for another four years.

Before election we warned our customers that
real estate prices at EAST PIEDMONT HEIGHTS
were being forced up by the wonderful develop-
ment of the great head-of-the lake residence sec-
tion and before an increasing demand, and would
be advanced "after Taft's election."

We have decided to make this advance in
prices on all unsold lots at EAST PIEDMONT
HEIGHTS on

MONDAY, NOVEMBER 16, 1908

On this date we will bring prices up to what
we consider the actual present value of this prop-
erty, the present valuation being far lower than
justified by conditions.

We shall on the same day increase the re-
quired first payment from 10 to 20 per cent and
abolish the "no interest, no taxes feature."

For a little time, however, the opportunity is
yours to get one of these wonderful lots at a figure
below its real value.

It is a tremendous opportunity. It is one that
will not come again.
